

Vale Homes

Building Strong Communities with a Bright Future

In 2016 as part of our Community Investment Strategy we said we would help residents of the Vale increase their employment prospects to help them get jobs or move closer towards the labour market. Improve health and wellbeing, strengthen communities and promote financial and digital inclusion within communities.

Since then as part of our Employment and Skills Development support WE HAVE:

Launched 2018 the "Opportunity Knocks" employment and skills programme in partnership with Newydd Housing, Vale Homes and Inspire 2 Work

Supported **140** residents through our Vale Employability Road Shows

Supported **60** residents with CVs and Interview skills preparation through our pre employment training programme

Supported **30** residents via our residential employability boot camp

Created **7x6** weeks work placements within with Council Departments

Secured **369** weeks' worth of training through targeted recruitment and training clauses via our housing development programme

Helped **110** residents gain employment

Helped **961** residents gain accredited vocational qualifications

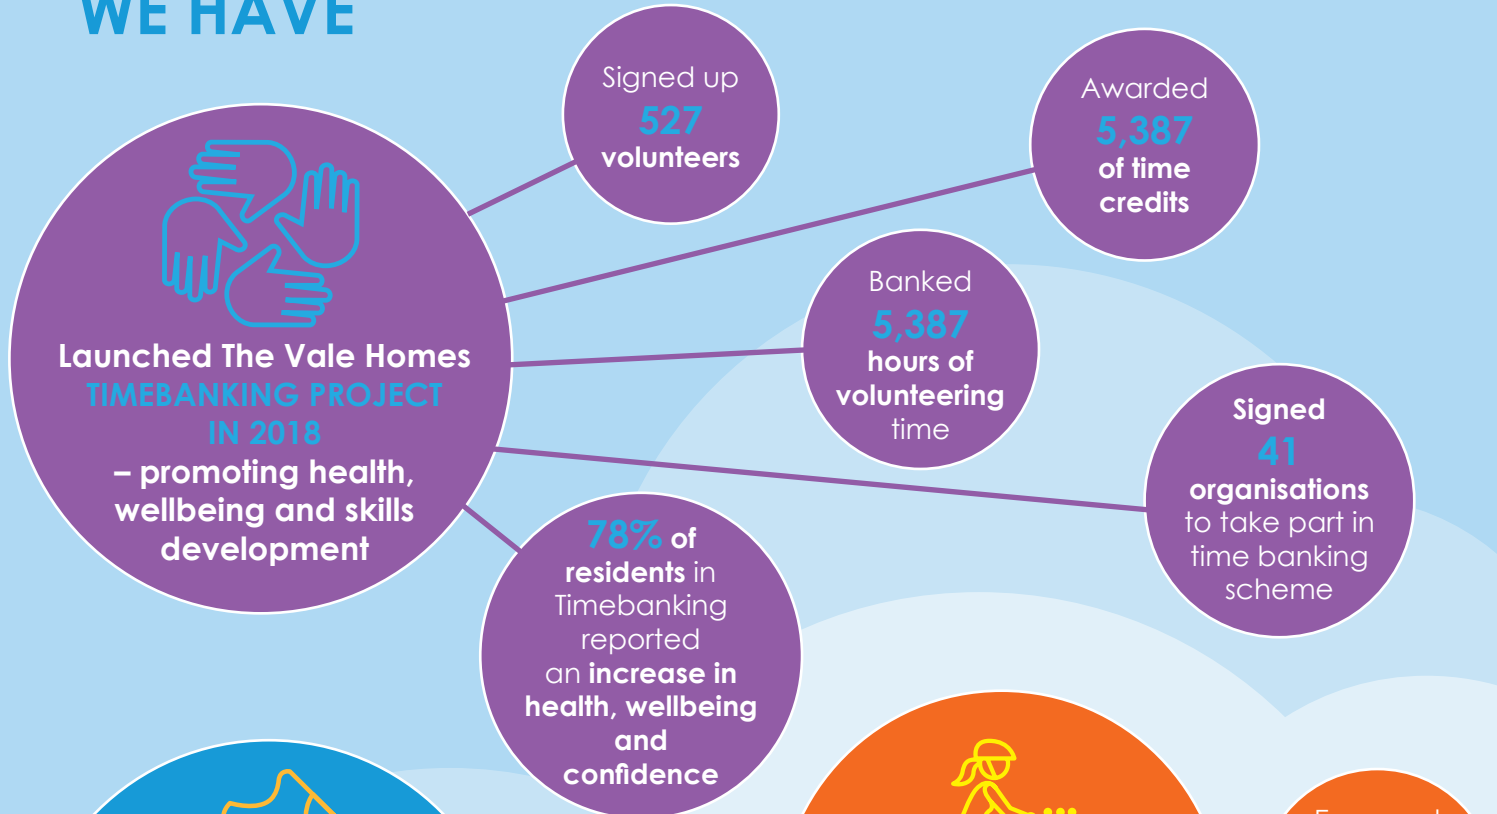

Helped **7** residents gain apprenticeships

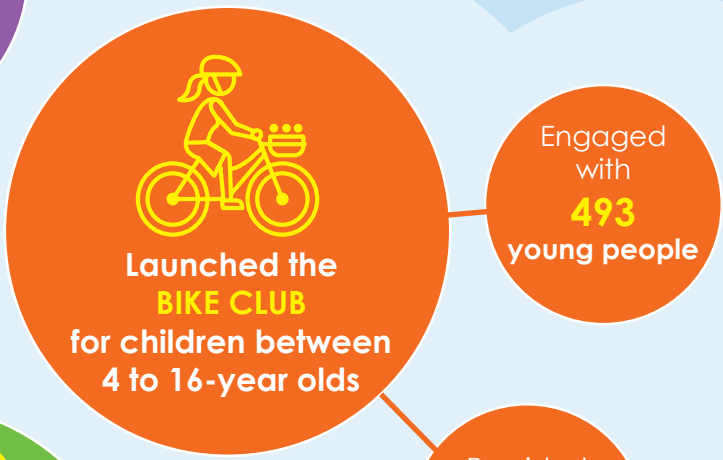

Helped **7** people become self employed

As part of improving health and wellbeing, WE HAVE

21 residents supported to participate in this
