

Barry - greening, growing, connected

Gladstone Road /Court Road Gateway Green Infrastructure proposals

Jenner Park
Football Ground

Gladstone Road

Gladstone Road /Court Road Gateway

This is an important area close to Barry town centre and is set in a key location for visitors to the town.

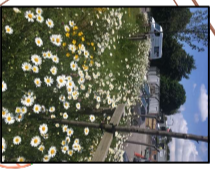

It is proposed to remove significant areas of paving and convert to permeable, landscaped areas comprising of wildflowers, trees and native bulbs which will significantly upgrade the environmental quality of the area. Street furniture will be upgraded and visual clutter such as redundant signs or unnecessary pedestrian barriers will be removed

Grass bank to Jenner Park
A grass bank which is very visible from the highway. This area to be planted with native woodland at the rear with wildflowers / managed meadow on the bank with semi-mature trees forming an avenue adjacent to Gladstone Road.

Repaint fencing to allotment boundary and plant new hedge. Plant wildflowers and trees

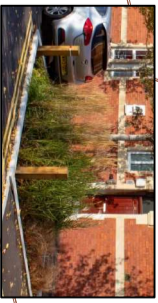

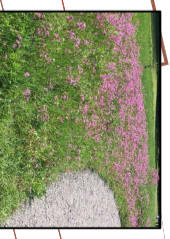

Remove paving, improve paths, plant wildflowers and trees

Install amphibian ladders in gullies where appropriate

Remove paving, install rain gardens, improve paths, plant wildflowers and trees and replace seats and bins

Tree planting in grass verge up to junction with Gladstone Road if services allow

Key	
	Existing trees
	Proposed semi-mature trees
	Proposed wildflower areas / areas to be managed as meadows
	Proposed native trees
	Areas of hard paving to be removed and replaced with wildflowers / planting
	Areas of new paving / public realm improvements

Notes	
1.	Location and number of semi-mature trees are subject to confirmation of location of utility services on site
2.	1.3m edge of wildflower areas will be maintained at a height of 600mm as required by Highway's regulations
3.	Photograph illustrate the areas of paving that could be removed
4.	Proposals include installation of amphibian ladders in gullies
