

Extension Discretionary Grant Guidance Notes

EXTENSION DISCRETIONARY GRANT - PURPOSE OF THE GRANT

The Welsh Government has opened the Restrictions Business Fund to support businesses and sole traders that have been **directly impacted** by the extended restrictions announced by the First Minister on 29th January 2021 needed to control the spread of Covid-19. The purpose of the grant is to provide businesses with cash flow support and to help them survive the economic consequences of the extended restrictions. Businesses can **only apply for one** discretionary fund grant under this extended scheme. Multiple applications from the same business are not allowed. However, this extended scheme is in addition to grant businesses may have received via the Discretionary Fund for the December 2020 / January 2021 period). The grant seeks to complement other Covid-19 response measures to support businesses, social enterprises and charitable organisations in Wales.

The Discretionary Grant is available to all businesses required to close or significantly impacted by the restrictions. Businesses that meet the eligibility criteria set out in this guidance document and are able to declare a 40% or more reduction in their estimated turnover for the extended restrictions period as compared to an equivalent restriction free trading period prior to 23rd March 2020 may apply.

The grant will be open to applications from 15th February 2021 and will close at a date to be specified by the local authority or when the fund has been fully committed.
