

Meeting of:	Cabinet
Date of Meeting:	Monday, 24 January 2022
Relevant Scrutiny Committee:	All Scrutiny Committees
Report Title:	Annual Delivery Plan Monitoring Report: Quarter 2 Performance 2021/22
Purpose of Report:	To present quarter 2 performance results for the period 1st April 2021 to 30th September 2021 in delivering our 2021/22 Annual Delivery Plan commitments as aligned to our Corporate Plan Well-being Objectives.
Report Owner:	Executive Leader and Cabinet Member for Performance & Resources
Responsible Officer:	Rob Thomas, Managing Director
Elected Member and Officer Consultation:	<p>Q2 performance information contained within the report is based on quarterly returns provided by service directorates to the Performance Team which is reviewed by DMTs and relevant Directors. Consultation has also been undertaken with the Senior Leadership Team.</p> <p>The performance report applies to the whole authority. Quarterly performance reports covering the Corporate Plan Well-being Objectives will be considered by all Scrutiny Committees and Cabinet.</p>
Policy Framework:	This is a matter for Executive decision by Cabinet.
<p>Executive Summary:</p> <ul style="list-style-type: none"> The performance report presents our progress at quarter 2 (1st April to 30th September 2021) towards achieving our Annual Delivery Plan (2021/22) commitments as aligned to our Corporate Plan Well-being Objectives. We have made positive progress in delivering our in-year commitments in relation to our Annual Delivery Plan (2021/22). This performance has contributed to an overall GREEN status for the Plan at quarter 2 (Q2). All 4 Corporate Plan Well-being Objectives were attributed a Green performance status at Q2 to reflect the progress made to date. This is positive given the ongoing challenges arising from the pandemic. 95% (296 out of 313) of planned activities outlined in our Annual Delivery Plan have been attributed a Green performance reflecting the positive progress made during the quarter, 2% (5) an amber status and 3% (12) of planned activities were attributed a Red status. 	

- Of the 12 actions attributed a Red performance status during the quarter, 25% (3) were directly a result of service reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. In relation to these areas, where appropriate, work is now recommencing as part of our recovery plans and strategy.
- Of the 42 quarterly performance measures aligned to our Corporate Plan Well-being Objectives, data was reported for 36 measures where a performance status was applicable. 61% (22) measures were attributed a Green performance Status, 6% (2) an Amber status and 33% (12) a Red status. Data was unavailable for 6 quarterly measures due to reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. A performance status was not applicable for 107 measures including a number of annual indicators (89) and those establishing baseline performance for the year (18).
- In relation to the 12 measures attributed a Red performance status during the quarter, the impact of COVID-19 has contributed to 58% (7) missing target.
- The report seeks Cabinet's consideration of Q2 performance results and the proposed remedial actions to address areas of identified underperformance.
- All 5 Scrutiny Committees have reviewed quarter 2 performance reports between 7th and 22nd December 2021 and upon consideration, have noted the performance results and progress to date in relation to the Annual Delivery Plan 2021/22 and Coronavirus recovery.
- This report seeks Cabinet's consideration of the views and recommendations of Scrutiny Committees in relation to Q2 performance and approval of identified remedial actions as the basis to address areas of underperformance and to tackle the key challenges identified.
- In addition, Cabinet is requested to note overall service performance results to date and progress made towards achieving the priorities in our Annual Delivery Plan 2020/21 and in relation to Coronavirus recovery.

Recommendations

1. That Cabinet considers performance results and progress towards achieving the Annual Delivery Plan 2021/22 commitments as aligned to our Corporate Plan Well-being Objectives as presented in this report and appendices.
2. That Cabinet considers the views and recommendations of all Scrutiny Committees in relation to Q2 performance results and approve identified remedial actions as a basis to address areas of underperformance and to tackle the key challenges identified.
3. That Cabinet notes the progress being made through our recovery strategy in response to the ongoing Coronavirus pandemic.

Reasons for Recommendations

1. To ensure the Council clearly demonstrates the progress being made towards achieving its commitments in the Annual Delivery Plan 2021/22 aimed at making a positive difference to the lives of Vale of Glamorgan citizens.
2. To ensure the Council is effectively assessing its performance in line with the requirement to meet our performance requirements as outlined in the Local Government & Elections (Wales) Act 2021 and reflecting the requirement of the Well-being of Future Generations (Wales) Act 2015 that it maximises its contribution to achieving the well-being goals for Wales.
3. To ensure Cabinet Members maintain an oversight of the recovery issues impacting on the work of the Council and their respective Scrutiny Committees

1. Background

- 1.1 The Council's Performance Management Framework is the mechanism through which our key priorities and targets are monitored and realised in order to secure continuous improvement and meet our performance requirements.
- 1.2 As part of the review of its Performance Management Framework, the Council has adopted a Corporate Plan (2020-25) which reflects the requirements of the Well-being of Future Generations (Wales) Act 2015 and identifies 4 Well-being Objectives for the Council. We have also refined our performance reporting and monitoring approach to enable us to meet our new duties under the Local Government & Elections (Wales) Act which came into effect from 1st April 2021.
- 1.3 Our performance framework is aligned to our Corporate Plan to enable us to track our progress on well-being objectives (keep our performance under review) and demonstrate how the steps we intend to take will contribute to achieving multiple well-being objectives and in turn the national goals.
- 1.4 In line with these performance arrangements, on a quarterly basis, Cabinet and all Scrutiny Committees will consider a single report that provides a high-level overview of our performance for each Well-being Objective including highlighting areas of improvement that may require greater scrutiny by members. This approach will enable Cabinet and Scrutiny Committees to look at the

achievement of the Corporate Plan holistically, from the perspective of their Committee's remit. In addition, it will enable Cabinet and Scrutiny Committees to flex their work programme to reflect any emerging performance issues that may require more intensive consideration.

- 1.5** Work will continue to further develop and enhance our performance monitoring and reporting arrangements in line with our duties as outlined in the WCFG (Wales) Act and the LG&E (Wales) Act with reference to the wider local government agenda. These discussions will continue to consider the best way to present information to elected members to facilitate scrutiny and identify and explore areas of interest.
- 1.6** [Appendix A](#) outlines our performance for the period 1st April to 30th September 2021 against our Annual Delivery Plan commitments for 2021/22. The quarterly performance report presents the reader with a more accessible view of performance in relation to our annual commitments and demonstrates the progress we are making towards achieving our Corporate Plan Well-being Objectives.
- 1.7** **Section 1:** States the overall RAG (performance) status attributed to the Annual Delivery Plan reflecting the progress made in delivering our priorities as aligned to our 4 Corporate Plan Well-being Objectives. It also provides an explanation of the performance terms used within the report. The performance report uses the traffic light system, that is, a Red, Amber or Green (RAG) status and a Direction of Travel (DOT) to aid performance analysis. Progress is reported for all key performance indicators and actions by allocating a RAG performance status.
- 1.8** **Sections 2 - 5:** Provides an overview of progress for each of the 4 Corporate Plan Well-being Objectives including:
 - **Performance Snapshot:** Provides an overview for each Well-being Objective, describing the status of Corporate Plan actions and performance indicators. A RAG status is attributed to actions and measures under each Well-being Objective to reflect overall progress to date and contributes to the overall RAG status for the Well-being Objective.
 - **Performance Exceptions:** Provides key highlights of our achievements and areas we need to improve in relation to our Annual Delivery Plan activities as aligned to the Corporate Plan Well-being Objective.
 - **Appendices:** A hyperlink is provided from each section linking to the following Appendices.
 - [Appendix 1:](#) Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments contained in the annual Delivery Plan 2021/22.
 - [Appendix 2:](#) Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 as part of the Council's revised Performance Management Framework will not have data available until end of year as this year will be used to establish baseline performance. A Not Available

(N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan Well-being Objectives. This appendix includes information for each action/indicator to indicate which Scrutiny Committee's remit it aligns with.

- 1.9 Section 6:** Provides links to five presentations covering all Scrutiny Committees. These explore the cross-cutting aspects of service activity related to our Corporate Plan Well-being Objectives as aligned to the scope of each respective Scrutiny Committee. The presentations identify the key achievements and challenges as aligned to the remit of each committee and also provide members with an update on Coronavirus recovery. The section also provides links to various corporate health reports, such as the Insight tracker for regulatory recommendations, absence and finance information etc, to help members maintain an oversight of issues that may impact on the work of the Council and their respective scrutiny committees.

2. Key Issues for Consideration

- 2.1** We have assessed progress in relation to our planned activities as outlined in our Annual Delivery Plan for 2021/22 and used local performance data where available. Over the past year, our statutory statistical obligations from the Welsh Government and the Welsh Local Government's Public Accountability Measures have been suspended indefinitely to enable us to focus on our response to COVID-19 pandemic. However, we are endeavouring to collect performance indicator information to support our performance reporting where possible, although this will still not be possible in all service areas.
- 2.2** We have made positive progress in delivering our in-year commitments in relation to our Annual Delivery Plan (2021/22). This performance has contributed to an overall **GREEN** status for the Plan at quarter 2 (Q2).
- 2.3** All 4 Corporate Plan Well-being Objectives were attributed a **Green** performance status at Q2 to reflect the progress made to date. This is positive given the ongoing challenges arising from the pandemic.
- 2.4** 95% (296 out of 313) of planned activities outlined in our Annual Delivery Plan have been attributed a Green performance reflecting the positive progress made during the quarter, 2% (5) an amber status and 3% (12) of planned activities were attributed a Red status.
- 2.5** Of the 12 actions attributed a Red performance status during the quarter, 25% (3) were directly as a result of service reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. In relation to these areas, where appropriate, work is now recommencing as part of our recovery plans and strategy going forward. Progress in relation to Coronavirus recovery has been reported to members in the presentation accompanying the Q2 performance reports at Scrutiny Committees and focus on highlighting issues pertinent to each committee's remit. The Coronavirus recovery update will continue to form part of the quarterly performance reporting going forward to ensure members maintain an oversight of the recovery issues impacting on the work of their respective Committees and across the Council in general. From this

perspective, Cabinet are requested to note the progress to date in relation to Coronavirus recovery.

- 2.6** Of the 42 quarterly performance measures aligned to our Corporate Plan Well-being Objectives, data was reported for 36 measures where a performance status was applicable. 61% (22) measures were attributed a Green performance Status, 6% (2), Amber status and 33% (12), Red status. Data was unavailable for 6 quarterly measures due to reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. A performance status was not applicable for 107 measures including a number of annual indicators (89) and those establishing baseline performance for the year (18).
- 2.7** In relation to the 12 measures attributed a Red performance status during the quarter, the impact of COVID-19 has contributed to 58% (7) missing target.
- 2.8** A detailed report outlining the progress made this quarter towards achieving our Annual Delivery Plan commitments is provided at [Appendix A](#).
- 2.9** [Appendix B](#) provides a summary of the key achievements and challenges as aligned to the remit of the Scrutiny Committees and also provides members with an update on Coronavirus recovery. For ease of scrutiny, performance exceptions, that is, all actions or PIs that have been attributed a Red status are presented at [Appendix C](#) including a direction of travel and commentary on the performance.

Performance Summary by Scrutiny Committee Remit

- 2.10** In relation to the planned activities within the remit of the **Healthy Living & Social Care Scrutiny Committee**, 98% (93 out of 95) were attributed a Green performance status and 2% (2) Red status. Of the 2 attributed a Red performance status, the impact of COVID-19 was identified as a contributory factor in the reported slippage for 2 actions. Of the 7 quarterly measures reported, 43% (3) were attributed a Green performance status, 28.5% (2) Amber status, and 28.5% (2) attributed Red status. In relation to the 2 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target for 2 of the measures.
- 2.11** In relation to the planned activities within the remit of the **Homes & Safe Communities Scrutiny Committee**, 100% (37 out of 37) were attributed a Green performance status. Of the 7 quarterly measures reported, 57% (4) were attributed a Green performance status and 14% (1) Amber status, and 29% (2) Red status. In relation to the 2 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target for 1 of the measures.
- 2.12** In relation to the planned activities within the remit of the **Learning & Culture Scrutiny Committee**, 94% (50 out of 53) were attributed a Green performance status, 4% (2) an Amber status and 2% (1) were attributed a Red status. Of the 1 attributed a Red performance status, the impact of COVID-19 was identified as a contributory factor in the reported slippage for all actions. Of the 5 quarterly measures reported, 60% (3) were attributed a Green performance status and 40% (2) were attributed Red status. In relation to the 2 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target.
- 2.13** In relation to the planned activities within the remit of **Environment & Regeneration Scrutiny Committee**, 95% (97 out of 102) were attributed a Green

performance status, 0 Amber status and 5% (5) Red status. Of the 5 attributed a Red performance status, the impact of COVID-19 was identified as a contributory factor in the reported slippage for 1 action. Of the 7 quarterly measures reported, 71% (5) were attributed a Green performance status, 14.5% (1) Amber status, and 14.5% (1) Red status. In relation to the 1 measure attributed a Red status, the impact of COVID-19 has contributed to missing the target for 0 of the measures.

- 2.14** In relation to the planned activities within the remit of the **Corporate Performance & Resources Scrutiny Committee**, 2% (3) Amber status and 5% (7) Red status. Of the 7 attributed a Red performance status, the impact of COVID-19 was identified as a contributory factor in the reported slippage for 1 action. Of the 13 quarterly measures reported, 46% (6) were attributed a Green performance status, 8% (1) amber status and 46% (6) Red status. In relation to the 6 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target for 3 of the measures.
- 2.15** The report seeks Cabinet's consideration of the views and recommendations of Scrutiny Committees in relation to Q2 performance and the remedial actions to be taken to address areas of underperformance and to tackle the key challenges identified.
- 2.16** In addition, Cabinet is requested to review overall service performance results to date and progress made towards achieving the priorities in our Annual Delivery Plan 2021/22.

Summary of Scrutiny Committee Recommendations

- 2.17** Quarter 2 performance in relation to the Annual Delivery Plan for 2021/22 has been discussed at all 5 Scrutiny Committees between 7th and 22nd December 2021 and is now being presented to Cabinet for approval. The outcome of Scrutiny Committees discussions is detailed below:
- 2.18** The Healthy Living and Social Care Scrutiny Committee (7th December 2021) noted quarter 2 performance results and progress to date.
- 2.19** The Homes and Safe Communities Scrutiny Committee (16th December 2021) noted quarter 2 performance results and progress to date.
- 2.20** The Learning and Culture Scrutiny Committee (9th December 2021) noted quarter 2 performance results and progress to date.
- 2.21** The Environment & Regeneration Scrutiny Committee (14th December 2021) noted quarter 2 performance results and progress to date.
- 2.22** The Corporate Performance & Resources Scrutiny Committee (22nd December 2021) noted quarter 2 performance results and progress to date.
- 2.23** Upon review of quarter 2 performance, all 5 Scrutiny Committees have noted the performance results and progress to date in relation to the Annual Delivery Plan 2021/22.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** Performance Management is an intrinsic part of corporate governance and integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Objectives and associated annual commitments in its Annual Delivery Plan 2021/22. Our Corporate Plan has been structured around the Well-being of Future Generations (Wales) Act 2015, through the development of four Well-being Objectives. By aligning our Well-being Outcomes in the Corporate Plan with the Well-being Goals of the Act, this will enable us to better evidence our contribution to the Goals.
- 3.2** Performance reporting is an important vehicle for showing our progress, not only in terms of impacts across the national well-being goals through achievement of our well-being objectives but also in terms of the changes and improvements made in our approach to integrated planning.
- 3.3** The five ways of working are a key consideration in our corporate Performance Management Framework ensuring that we continue to focus on working differently and in an inclusive way to challenge why, what and how we respond to our key performance challenges.

4. Resources and Legal Considerations

Financial

- 4.1** There are no additional budgetary implications arising from this report, although underperformance in some areas may have a negative impact on external assessments of the Council and could put certain funding opportunities at risk.

Employment

- 4.2** There are no direct workforce related implications associated with this report. However, there are a number of issues contained within the performance report that if not effectively managed have the potential to impact on our staff establishment and performance overall. This may in turn impact adversely on achievement of key outcomes associated with the Corporate Plan.

Legal (Including Equalities)

- 4.3** The Local Government & Elections (Wales) Act 2021 requires that the Council keep its performance under review and consult and report on its performance in order to secure continuous improvement and meet its performance requirements.
- 4.4** The Well-being of Future Generations (Wales) Act 2015 requires the Council to set and publish annual Well-being Objectives that maximise its contribution to achieving the Well-being goals for Wales and report its progress in meeting these.

1.0 Performance Summary Annual Delivery Plan 2021/22

Our overall RAG status for the Annual Delivery Plan is GREEN

Our Well-being Objective Summary Status

Presented below is a summary of our performance in relation to each of the Well-being Objectives outlined in our Corporate Plan. Against each of the Well-being Objectives an overall RAG Status and Direction of Travel is given, as well as an overall RAG status and Direction of Travel for the Annual Delivery Plan as a whole. The Direction of Travel provides an indication of the direction of performance when compared with a previous quarter. For instance, where our RAG status (performance) has improved it is indicated by , where our RAG status has remained the same compared with previous quarter it is shown by  and where our RAG Status has declined it is represented with .

Performance Key

Measures (RAG)	Direction of travel (DOT)	Actions (RAG)	Overall (RAG) status Well-being Objective
Green: Performance is on or above target	↑: Performance has improved on the same quarter last year	Green: Action completed or on track to be completed in full by due date.	Green: Indicates that we are well on track to deliver the key outcomes relating to the Well-being Objective as set out in the Corporate Plan.
Amber: Performance is within 10% of target	↔: Performance has remained the same as the same quarter last year	Amber: Minor delay but action is being taken to bring action back on track.	Amber: Indicates that at this stage, we are on target to deliver the Well-being Objective, but some aspects need to be addressed in order to ensure we remain on track to fully achieve the Well-being Objective.
Red: Performance missed target by more than 10%	↓: Performance has declined compared to the same quarter last year	Red: Action has slipped with limited progress made and an explanation must be provided including any planned remedial action(s) and where appropriate a revised completion date.	Red: Indicates that at this stage, we are not on target to deliver key outcomes relating to the Well-being Objective as set out in the Corporate Plan.

2.0 Well-being Objective 1: To work with and for our communities

Our overall RAG status for 'Working with and for our communities' is **GREEN**

2.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 1 for the period 2021/22. There are 24 ADP actions aligned to the 7 Corporate Plan commitments within Well-being Objective 1, 'To work with and for our communities'. In total, 134 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

ACTIONS Our performance against Annual Delivery Plan actions gives us an overall GREEN RAG status for this Well-being Objective.					PERFORMANCE MEASURES Our performance against key measures gives us an overall AMBER RAG Status against this Well-being Objective.

2.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

2.2.1 What have we done well?

We recognise that we are reliant on online technology more now than ever and are committed to improving how we involve, engage and communicate with residents digitally/online. A key example of our activity during quarter 2 includes the launch of the new waste management platform GovService, enabling quick and easy online experiences for our customers. We have also successfully integrated housing, council tax and benefits platforms to improve customer service with the customer facing platform scheduled to go live via the Council's website during quarter 3. The Capita single sign on has now been integrated into the new CRM system Granicus, enhancing the way in which customers can engage with the Council and more easily access online services such as e-billing.

Engagement with residents continues to rise with the total numbers of subscribers to Vale Connect increasing in the past 12 months from 75,315 to 81,791 exceeding our annual target of 60,000 of subscribers. Along with this our social media platforms Twitter and Facebook, continue to actively engage residents, enabling our residents to keep up to date with important Covid-19 and other news, events, road closures, recycling or grass collection updates, new services and offerings. Our Twitter page has achieved our annual target of 9,000 impressions (people seeing our tweets/posts) with an average of 13,100 impressions during the quarter 2 period. The average daily reach of our Vale of Glamorgan Life Facebook page continued to rise to 15,576 during quarter 2, a further increase on 11,490 in the same period last year.

Our Learn Welsh courses recommenced in September offering a blend of face to face and online learning for staff, free of charge and in working time. Welsh can be a particularly useful skill for those working in roles dealing with the public, as we are a bilingual organisation offering bilingual services. Social Services continue to respond to the More Than Just Words Framework, the Regional More Than Just Words Forum has expanded its membership to include Cardiff and Vale UHB and Cardiff and Vale College. The evaluation of the More Than Just Words Framework and next steps have been published by Welsh Government and shared with Forum members. The Forum are actively considering actions they can undertake jointly to meet the recommendations within the report, the actions will be incorporated into a Regional Action Plan. A Welsh Awareness e-learning module is in the final stages of production for rollout to all staff so that we can continue to

increase the number of adult learners and contribute towards the national goal of 1 million Welsh speakers by 2050.

During the quarter, we have continued to promote the support available under the Armed Forces Covenant, through relevant advice and support to all members of the Armed Forces Community in relation to a number of different services including housing, council tax, benefits, education, employment, leisure and many more. To enable us as a Council to further understand the needs of the Armed Forces community and maximise the use of resources, our Multi-agency Armed Forces Covenant forum continue to meet and discuss these topics.

During quarter 2, we launched our digital [Culture Book](#). The Culture Book encompasses and builds on the Staff Charter and highlights the diversity of our organisation, the exceptional work our staff do and showcases us delivering our values in action. The book has been developed by our Organisational Development and Learning team who have worked with Engagement and Innovation Champions and representatives from every area of the Council to develop a book that reflects our values and tells our stories about the work we do. As part of the launch, our Managing Director hosted a special question time session on Tuesday 14 September.

Staff well-being continues to be a top priority for the Council and we have continued to assist our staff to work at home and in different ways for example, investing in development and well-being initiatives through our [Wellbeing Champions](#), also well-being activities such as Yoga, mindfulness, HIIT classes, Hump Day Head Space, online nutrition and finance workshops, 365-counselling support via Care First, as well as organised outdoor woodland well-being sessions, all of which promote work-life balance, health and well-being.

We have continued to contribute to the development and co-ordination of a variety of activities to enhance inclusivity in the workplace. From 27th September to 3rd October, we held a series of events to mark National Inclusion Week, to raise awareness of inclusion within the workplace. Highlighting the theme for 2021, [#UnitedForInclusion](#) which focuses on bringing people and organisations together to advance learning and sharing best practice. Staff participated in an inclusion quiz and were encouraged to consider ways they could diversify their perspective of race. The Council's Senior Leadership Team

promoted the use of adding pronouns into staff's email signatures to support gender identity, guidance on how to add this was circulated and encouraged to all staff. A new logo (left image) was unveiled, this incorporates the trans banner and colours used by the Black Lives Matter movement to represent people of colour.

Earlier in the year we launched the Diverse Staff Network (formerly the Ethnic Minority Network) steering group with an awareness raising event hosted by Show Racism the Red Card. Establishing the network is a stride toward starting the conversation about race equality in the Council in a constructive and open way and demonstrating that uncomfortable conversations can lead to real change. All staff are welcome and encouraged to join the network and support their mission in helping the Council become an employer of choice for people from diverse communities. During quarter 2, we delivered a virtual refresh session to help progress the network, provide an update on the work undertaken during the year and discuss plans for the future.

We have continued to work on our response times to complaints. During this quarter, 63.04% of complaints were dealt within timescale against a target of 75%, a significant improvement when compared with performance in the same period of 2020/21, 59.8%. The Public Services Ombudsman for Wales has begun to publish comparative performance figures for this area, working towards complaints resolved with 20 working days. Based on this measurement, the Vale of Glamorgan Council is placed 9th in Wales overall with 84.78% resolved in 20 days, against the Welsh average being 78.05%.

2.2.2 What do we need to improve?

We need to progress work to meet the needs of those living with or caring for someone with Dementia. During quarter 2, we have continued to resettle our day service attendees and endeavour to establish the positive working relationships we harnessed pre-pandemic with Carers Trust South East Wales (CTSEW) to jointly deliver our Older Person's Day Service. As well as this, we have extended our operating hours at Rondel House Day Service into the weekend to support people living with dementia. In the coming quarter, we will support the establishment of the Vale of Glamorgan Council's Dementia Working Group internally which will enhance and support the work of the Dementia Champions and extend and develop the reach of Dementia Friendly Communities.

Sickness absence amongst Vale employees has worsened from 3.40 (FTE) days reported in Q2 last year to 4.95(FTE) this year. Longer term absence days lost continues to be notably higher than in the previous year and contributing to the performance being below the target of 4.15 days. Discussions are ongoing with our Senior Leadership Team to look into the reasons for the higher absence levels and identify remedial action where possible. Our figures are also higher with our voluntary employee turnover with figures rising from 2.69% in quarter 2 last year to 4.12% during quarter 2 this year. There is further potential risk that the number of voluntary leavers will continue to increase as the Council moves out of the pandemic.

Our financial position is set to become even more challenging given the emerging impacts of the recent COVID-19 pandemic. Like all local authorities across the country, the Vale has been at the forefront of the response to the coronavirus pandemic which has put pressure on our finances. Supporting communities and keeping vital services running has never been more critical but this has led to high increases in demand and necessary unforeseen expenditure for the Council. At the same time, we are facing significant and immediate reductions in income which is likely to impact on our ability to meet the agreed 2021/22 budget and proposed savings. The financial emergency support packages provided by both Westminster and the Welsh Government to help local authorities respond have been welcomed, however, this support is likely to only be available in the short term, potentially contributing to a significant increase in funding shortfall and impacting on the financial resilience of the Council.

Appendix 1: Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22.

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

3.0 Well-being Objective 2: To support learning, employment and sustainable economic growth

Our overall RAG status for ‘Supporting learning, employment and sustainable growth’ is **GREEN**

3.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 2 for the period 2021/22. There are 20 ADP actions aligned to the 8 Corporate Plan commitments within Well-being Objective 2, ‘To support learning, employment and sustainable economic growth’. In total, 37 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

3.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

3.2.1 What have we done well?

We have continued to provide support for childcare settings post COVID-19 for example, under the Childcare and Play grant we continue to offer a small grant scheme to support sustainability, new childcare provisions and additional childcare places. So far, 4 childcare settings have received a total of £5,337 towards staffing costs and additional funding received from Welsh Government will support recovery for the childcare sector. Grants are being offered to support staffing costs, rent, closure losses in relation to positive Covid-19 cases, replacement of damaged toys and play equipment. During the first six months of this financial year, the Child Development Fund have seen 141 children referred to the scheme with approximately 138 accepted and receiving support for varying needs, including speech and language delay, fine and gross motor development delay and personal and social delay.

Working together, our Property and Building Services teams successfully delivered a range of refurbishment and upgrade projects over the school summer holiday period. This work included toilet refurbishments at 6 schools, electrical upgrades at 4 schools, and boiler/heating upgrades at a further 6 schools. In addition, other projects completed over the summer include enabling works for projects due to start later in the year, window replacements, drainage upgrades, water main replacements, various external works, as well as the creation of ambulant toilet facilities at 3 schools.

During the summer break, our Schools ICT and data team and the corporate ICT networks team have worked together on the Hwb programme, to provide improved digital access for schools. The new cabling and network hardware will improve network performance to learners and future proof the network infrastructure for the schools. These teams have ensured 24,000 young people have access to world-class digital infrastructure. Throughout the pandemic these teams have ensured that pupils, no matter which school they attend or where in the Vale of Glamorgan they live, have had access to devices and even hand delivered mobile Wi-Fi devices to those who needed it at home. One of the main drivers of this work has been to eliminate the 'post code' lottery when it comes to access to technology in schools. In addition, we now have over 1,100 Windows and Apple devices enrolled into Hwb's InTune mobile device management platform, this is fundamentally changing the culture towards IT support in schools, enabling more efficient working and collaboration, whilst also improving IT security and the safeguarding of pupils online.

The UK National GO Awards are open to public, private and third sector organisations, recognising excellence in public procurement. Our 21st Century Schools team, along with contractors AECOM, ISG Construction, Morgan Sindall Construction and Bouygues UK Construction first won the Wales GO Award for Best Procurement Delivery in May 2021 but at national UK level there was further competition for the Social Value category. On 15th September, the team triumphed and won the award for the collaborative way in which community benefits have been delivered as part of the 21st Century Schools programme. Working together with our partners and contractors, our school buildings continue to be constructed in such a way that they will provide wider social, economic and environmental benefits across the county. For example, contractors have sought to award sub-contracted jobs to local companies and have provided numerous apprenticeship opportunities to people who live in the Vale of Glamorgan.

The documentary series ‘A Special School’ which followed pupils and staff at Penarth’s Ysgol Y Deri has been nominated for a BAFTA Cymru award. First aired in September last year, the series gave viewers the chance to see what happens inside a special needs school and was met with positive reviews, with many praising the relationships between pupils and staff. Ysgol y Deri has since been able to connect and work with schools around the globe.

All of our current projects in relation to delivering 21st Century Schools Programme improvements (Band B) including the expansion of Ysgol Y Deri, work on new school buildings across the Vale, expansion of primary school capacity in Cowbridge and development of a Centre of Learning and Wellbeing are currently on track. St David's CIW Primary School new building opened on September 21st along with Ysgol Bro Morgannwg refurbishment and new build sections.

Initially our One Stop Shop advice service was via telephone only in line with COVID-19 restrictions, but we have been able to physically open this facility (in accordance with restrictions) to deliver a full range of housing related support, advice and assistance regarding any issues our residents have. We have also continued to support victims of illegal money lending to access debt advice and rebuild their finances.

The Wales Illegal Money Lending Unit is dealing with a surge of new cases arising from the financial difficulties some found themselves in as a result of the pandemic and associated lockdowns. Working in partnership, we continue to investigate illegal lenders and

provide support to victims, along with the delivery of training of partner agencies.

We continue to support service users, predominantly the long-term unemployed and young people not in employment, education or training to help them into employment. We have had a positive start to the year in engaging people as part of the Communities for Work (C4W) programme, with 93% of people engaged against the target of 15, an improvement against last year's figure of 41%. As anticipated over the summer months there was a lower number of referrals this quarter, however we still remain over target. The percentage of Communities for Work plus (C4W+) people engaged against target has also continued to increase to 107% in comparison to 59% last year. Referrals have come in peaks but have enabled a steady first quarter.

We are working collaboratively with Welsh Government, the Regional Transport Authority and the Cardiff Capital Region to continue to explore opportunities for transport improvements throughout the Vale of Glamorgan. During the quarter, we have progressed projects including the Barry Docks and Cogan interchanges, both of which are at Welsh Transport Planning and Appraisal Guidance (WelTAG) stage 3. We have been successfully awarded £1m Welsh Government funding for construction of the improved Active Travel route through St Athan, the next phase of the OVObike (formerly Next Bike) roll out/expansion, as well as a number of other active travel improvements throughout the Vale.

£300K has been made available by the Welsh Local Government Association to install electric vehicle charging points in Council depots, enabling us to actively contribute to reducing our carbon footprint through the use of our electric vehicles.

Earlier in the year, all local authorities in Wales were given funding by the Welsh Government to run extra activities for children and young people starting on 1 July and running until 30 September. Working together with our partners we delivered a successful Summer Activity Programme to support children and young people recover from the pandemic and have fun whilst helping to support their social, emotional, physical and mental wellbeing. Activities included, sports and fitness classes, bushcraft and circus skills, art and craft, play, music, learning about the environment and conservation and a Beach Academy. Bwrlwm play sessions were also delivered for children who attend Welsh Medium Primary Schools.

To encourage visitors back to our centres we ran the Vale’s first Festival of Flowers during August. As well as floral installations and a Flower Trail for high street visitors to enjoy in our town centres, our Regeneration team worked with traders across Barry, Cowbridge, Llantwit Major and Penarth to promote their floral offerings throughout the month. Supporting our high streets is a top priority for the Council therefore to create excitement and promote the event we posted content via our [ValeTownCentres](#) Facebook page and on [Instagram](#) using the #BloomingLovelyVTC which received 100+ tags and posts.

3.2.2 What do we need to improve?

We need to ensure appropriate provision is available to meet the bespoke needs of increasing numbers of children and young people presenting with acute anxiety and other social, emotional and mental health needs. We recognise that there is an urgent need for all our schools to work within an evidence based, psychologically informed framework that incorporates an understanding of Developmental Trauma, Adverse Childhood Experiences, Attachment and the neuroscience of mental health and ill health and have already made significant progress in this area during the pandemic. Our trauma informed Engagement Service and our provision for foundation phase children with SEMH is a first in Wales and work continues with Schools and our partners to expand the trauma informed approach across the Vale of Glamorgan and support our most vulnerable learners.

There is a need to ensure that all children and young people re-engage and catch-up on learning lost during the lockdowns and self-isolation to ensure they are not further disadvantaged. Whilst some funds have been allocated by Welsh Government to support learning recovery, the sheer scale of what needs to be achieved in the short to medium term will require significant and sustained investment over a number of years. School budgets were already under significant pressure and the impact of COVID-19 has further exacerbated the situation. Progressing with radical curriculum reforms against this backdrop will be challenging for all involved and may put its success at risk.

We are seeing increasing demand for Additional Learning Needs (ALN) provision and increasing customer expectations which continue to place additional pressure on both central education resources and on individual schools’ budgets. The Additional Learning Needs and Education Tribunal Act places increased duties on the local authority which impacts on the teams to deliver

services in line with these expectations. COVID-19 has impacted adversely on implementation of the ALN Act and this work is now being phased in order to provide more time to prepare for the full impact of the Act. This is a particularly complex area of change and the phased approach in the implementation of the Act will be needed.

There is clear evidence that COVID-19 has impacted on young people in terms of positive education destinations especially, Year 13 (18-year-olds). The number of NEET young people for the 2019/20 academic year doubled compared to the previous year from 1.5% to 3%. This is an area where we are increasing support. We are also focusing our efforts on identifying those pupils listed as 'unknown' in terms of positive destination outcomes and are working collaboratively to reduce these numbers.

Appendix 1: Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22.

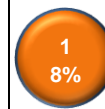

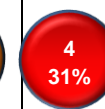

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 3 for the period 2021/22. There are 37 ADP actions aligned to the 12 Corporate Plan commitments within Well-being Objective 3, ‘To support people at home and in their community’. In total, 100 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

4.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

4.2.1 What have we done well?

The Council has built 11 units of temporary accommodation as part of a £20-million Welsh Government plan to tackle homelessness. Taking the form of high-spec bungalows, the development at Court Road in Barry is believed to be the first of its kind in Wales. It has been created to help address an increase in homelessness, caused by the Covid-19 pandemic, and reduce reliance on emergency accommodation. Tenants have already moved into properties, which use high-quality insulated panels to create self-contained units. They are eco-friendly and have feature small-decked areas to help create a community environment as well as a section of public space, a car park and bike store. This is just one of many projects aimed at tackling homelessness in the Vale and has helped us to boost the Council's housing stock.

We have a very proud history of supporting those in need of our help, most recently through our participation in both the former Vulnerable Persons Resettlement Scheme and the current UK Resettlement Scheme. During quarter 2, we fulfilled our pledge to rehouse Syrian families via the UKRS scheme and have made a further pledge to support two Afghan families affected by the current crisis in Afghanistan.

We continue to contribute to the regional arrangements for Test, Trace, Protect (TTP) as one of the most significant mechanisms available to prevent the onward spread of the virus. These arrangements draw together colleagues from various partner organisations, including Shared Regulatory Services, Public Health, Communications, HR and Social Services. The Council leads the communications workstream for TTP on behalf of the partnership and this work has informed the communications associated with the mass vaccination programme, with the Council working alongside the UHB to promote the importance of vaccination to residents across the Vale of Glamorgan. Vaccinations have been made available in a coordinated and timely manner for Council staff including Social Services staff with the vast majority having received both vaccinations. The PPE team have continued to support the vaccination programme by escalating the priority of social care staff who are top priority to be vaccinated. Lateral Flow Device tests have been circulated to all frontline staff with the encouragement to test twice a week. To ensure we are up to date with vaccinations in commissioned care home staff, we recently completed a review to identify any gaps in vaccinations.

One of the Council teams most heavily involved in the pandemic response has been Shared Regulatory Services and during quarter 2, the department was been recognised at this year's Regulatory Excellence awards for its work in supporting business. The awards process is run annually by the Office for Product Safety Standards and Product Safety, part of the Department for Business, Energy and Industrial Strategy to celebrate outstanding regulatory practice. The SRS team was highly commended for its work with the Wine and Spirit Trade Association (WSTA) with which it has a co-ordinated a Primary Authority partnership. The judges were particularly impressed with the 'Low and No Alcohol Beverage Guidance' recently produced by the partnership. Low and no alcohol drinks is a fast-growing market that requires regulation if we are to keep our citizens safe from harm and prevent underage alcohol sales. Two of our very own SRS Officers were central to the creation of this guidance which was lauded by the judges.

During July, three staff members were recognised as “Care Stars” in the Social Care Wales Care Stars Awards as a result of their outstanding contributions over the last 15 months. Care Stars is an initiative that was created to shine a light on the social care and early years workers who made a positive difference to people’s lives while the country struggled with the challenges of the pandemic. A total of 120 care workers from across Wales were nominated. A panel of judges then whittled them down to twelve Care Stars that they thought deserved recognition for the inspirational work they had done. Of those twelve, three were employees of the Vale of Glamorgan Council.

The Vale Public Service Board successfully secured £25k funding from Natural Resources Wales towards the delivery of projects in local communities that support climate change and the Move More Eat Well Plan. Four projects were identified which would contribute to the PSB’s objective to 'protect, enhance and value our environment' whilst also increasing engagement with local communities. The majority of the funding has been used to build an outdoor education centre as part of the Everyone’s Garden project in Colcot. This is a project led by the Council’s Housing team and has enabled the team to enhance the work they had started in the area with the local community. The outdoor education centre will provide a valuable community resource and improved outdoor areas enable people of all ages to safely engage and socialise. The gardens will also benefit from a plastic bottle greenhouse built by young people over the summer holidays with help from Bouygues UK who are the contractors building the new Pencoedtre High School.

National Resources Wales funding has also been used to enable the Council to plant 14 semi mature native trees in Barry increasing the tree canopy in the urban area. This is supporting the work being undertaken to improve the green infrastructure and air quality in the town, tackle climate change and improve health. Finally, a small amount of the funding was used to enhance the Food Vale website to make it more engaging and accessible. The improved functionality of the website has helped to promote the Food Vale scheme and provide a valuable resource throughout the pandemic and was integral to the Food Vale Festival held earlier this year. Across all four projects the emphasis was on enjoying and valuing our environment and appreciating the legacy we need to leave for future generations. This is also consistent with the Council's work on Project Zero.

We made a further commitment to supporting staff to choose healthier and more sustainable forms of transport in line with our Healthy Travel Charter. To mark Healthy Travel Wales Day (September), we launched a programme of events and activities for our staff including the Cycle2Work scheme, a cycle maintenance session at the Civic Offices with opportunity to trial an e-bike, train and bus discounts, promotion of walking maps and the free trial of e-bikes through OVObike. We also installed three cycle repair kits at the Alps, Civic Offices and Docks Offices enabling staff to make emergency repairs to their bikes.

Summer of Fun

Haf o Hwyl

Over the summer months, the highly successful [Summer of Fun](#) programme provided a variety of free leisure, sport and cultural activities for children and young people, enabling our young people to enjoy the summer post pandemic. The activities, which were delivered as a result of securing £196k funding from Welsh Government, included team building and sport, junior fitness and badminton classes, Duke of Edinburgh Bushcraft, Rockpool School on Tour, Drumming workshops and plenty more. The Vale of Glamorgan Council's Art Central Gallery hosted an exhibition showcasing the work created throughout the Summer of Fun activities programme and funds are being secured for a Winter of Fun Programme during quarter 3.

We have continued to collaborate with partners to promote our schools and libraries as community and well-being hubs and increase the diversity of leisure, art and cultural learning opportunities available to citizens in the Vale. Over the summer holiday we provided a full range of activities for children, including The Summer Reading Challenge, encouraging children to read six books to earn rewards, while learning about ideas for taking care of our environment. As restrictions ease, we

anticipate that we will be able to carry out many other activities and learning opportunities, especially for adults and will continue to liaise with partners to arrange a return to digital learning.

Our Anti-Social Behaviour team worked through 615 ASB incidents during quarter 2. The quarter 2 figures show a reduction in nuisance and personal incidents indicating the reducing impact of Covid-19 on ASB and community cohesion as individuals and organisations continue to move further into the recovery phases of the pandemic.

During August, our team ran an Anti-Social Behaviour roadshow, engaging with the public with our Community Safety Vehicle 'TREV' providing information, advice and reassurance regarding a number of community safety initiatives. The areas covered across the Vale included Castleland Community Centre, Pencoedre Splash Pad, the Knapp, Pontalun Close, Stratford Green, Paul Lewis Community Centre, St Athan and Says Court, Llantwit Major.

As an integral component of community safety, the Vale has continued to engage with communities to provide safety messages, support safety and security campaigns and increase feelings of safety and well-being. During the quarter, 33 public engagement events were conducted, 4 leaflet drops and 13 training sessions. In terms of engagement, we created 125 Twitter posts, 109 Facebook and 7 Instagram posts covering a range of community safety initiatives and issues generating increased followers across our social media platforms. We have also continued to create and publish insightful highlight reports to provide residents, partners and members with quick, clear and relevant information regarding the activities of the Community Safety Team and Safer Vale Partnership. During the quarter, our team responded to the LGBTQ+ consultation in order to ensure that the local community safety and wellbeing needs of residents in the Vale are considered in all national plans.

4.2.2 What do we need to improve?

The pandemic has continued to affect the percentage of child assessments completed in time with only 50% being completed in time against a target of 85%, this is also a decline in comparison to quarter 2 2020/21, (70.6%). Social workers have continued to respond to priority needs to the children and their families during the period of involvement, albeit without completed assessments.

96% of domestic abuse victims reported that they felt safe as a result of target hardening, in comparison to quarter 2 2020/21 where 100% felt safer against the target of 100%. The complexity of the issues faced by individual victims of domestic abuse means there are a variety of reasons why individuals may not feel safer simply as a result of the physical improvement of security of their property. Due to the increase of technology, we have found that certain devices give easy access to perpetrate domestic abuse, maintaining coercive control over a victim means that there are often multiple avenues through which a perpetrator can make a victim feel unsafe. It is also expected that as the team continues to increase the provision of target hardening to victims of domestic abuse, with the greater numbers will come a more diverse range of victims with differing thresholds and perceptions of feelings of safety. We will continue to offer victims additional support to aid with feelings of safety as well provide physical safety measures in their homes.

Sustaining and improving participation levels in physical activity at a time of diminishing resources will be a challenge this year. The COVID-19 pandemic has been a particularly challenging time with all direct delivery programmes ceasing and clubs/leisure centres across the county being closed. This led to the need to rethink how we deliver our services during this time, with more focus being placed on promoting family-based activities and utilising online platforms to promote these opportunities. Moving forward, for quite some time to come, sport and physical activity will look very different. We are working with our partners to plan what the future will look like and how residents can safely return to physical activity.

Homelessness is a growing national challenge and a significant challenge for the Vale, and despite our continued commitment, only 48.07% of households were successfully prevented from becoming homeless this quarter (against a target of 82%). The publication of Welsh Government's Guidance to local authorities during the COVID-19 pandemic, placed a duty on the Authority to provide everyone with temporary accommodation, posing a major challenge over the past year and beyond. There is a need to find innovative rehousing solutions, as there are currently over 200 people in temporary accommodation waiting to be rehoused in the Vale. As at March 2021, there were nearly 5,000 housing applicants on the Vale of Glamorgan Housing Register. Along with this it is taking an average of 21.6 working days to let an empty property against

a target of 19.57 days, reflecting a deterioration in performance from Quarter 2 2020/21 with it taking 19.5 days to let an empty property. Capacity issues with the sub-contractors have caused delays in the turnaround of empty properties but we are currently working to ensure that performance will recover by quarter 3.

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

Well-being Objective 4: To respect, enhance and enjoy our environment

Our overall RAG status for 'To respect, enhance and enjoy our environment' is **GREEN**

5.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 4 for the period 2021/22. There are 20 ADP actions aligned to the 8 Corporate Plan commitments within Well-being Objective 4, 'To respect, enhance and enjoy our environment'. In total, 50 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

5.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

5.2.1 What have we done well?

In July, at a full meeting of the Council, the Project Zero [climate change challenge plan](#) was endorsed. This means that the work to deliver the actions outlined to help us reach our goal of net-zero carbon emissions by 2030 will now get underway in earnest, building on our good track record of delivering environmental improvements. Secondly, members agreed to [declare a nature emergency](#) and take steps to protect wildlife and the biodiversity of our county. This will see the Council take action to ensure no net-loss of biodiversity in the Vale and will be an important part of our work alongside Project Zero.

During quarter 2, 420 planning applications have been determined with 348 approved (82.9% of decisions). Of the approved applications, 3 related to Listed Building Consents (LBCs). A further 47 Tree applications were also determined; 47 TCA's (Work to trees in a conservation area) and 17 TPO's (Work to trees covered by a Tree Preservation Order), no new Tree Preservation Orders have been confirmed. 146 planning enforcement cases were resolved during the quarter.

Out of the 348 approved planning applications the following decisions related to decisions within planning designations: 36 were approved in a Special Landscape Area (SLA) but it was considered that none of the proposed developments would have a detrimental impact upon the SLAs by nature of their design and scale; 5 applications were approved in Green Wedges but neither approval impacted upon the openness of the green wedge or the other reasons for their designation; 11 applications were approved within the Glamorgan Heritage Coast.

We continue to work towards our goal of reducing food poverty and empowering our communities. During quarter 2, we launched a new “pay as you can” Food Pod pantry in St. Luke’s Avenue, Penarth. Working collaboratively, our housing department’s community investment team successfully coordinated this project alongside volunteers from Helping Hands and the STAR resident’s association. During the opening, residents were welcomed to buy items from the pantry and learn more about the Clean Slate: Cleaner, Greener and Healthier program.

73% of household waste collected by the Council was prepared for reuse and/or recycled during quarter 2. This is a further improvement in relation to last year's performance at quarter 2 (72%) and we have also exceeded the statutory target for 2021/22 of 70%.

We continue to excel with our [Green Flag Awards](#), as all our parks have retained their Green Flag Status, making us one of the best performing authorities in Wales. Award winning country parks consist of Cosmeston and Porthkerry country park, Romilly Park, Alexandra Park and Windsor Gardens, Barry Island Seafront and Friars Point, Belle Vue Park, Central Park, The Knap Gardens, Victoria Park and Gladstone Park. 15 sites also received Community Awards, including Barry Community Garden, Bee Loud Glade, Birchgrove Woodlands and many more. To increase biodiversity within our environment we are modifying our cutting regimes, reducing our annual bedding and replacing with more biodiverse perennial displays, and we continue to be pesticide free in our parks. Additional trees have been planted within our Green Flag parks and open spaces during the quarter and will continue into the following quarters. We also retained our Blue Flag status at Penarth Marina and Southerndown beach plus receiving seaside awards for Barry Island, Jacksons Bay and Cold Knap.

5.2.2 What do we need to improve?

We recognise that the temporary halt to normal life and successive lockdowns is neither sustainable nor enough to stop climate change and we have a lot of work to do if we are to reduce our carbon emissions to net zero before the Welsh Government's target of 2030. We will need to make representations to the Welsh and UK Government's, to provide the necessary powers, resources, and technical support to local authorities in Wales to help us successfully meet the target. We will also need to continue to work with partners across the region to develop and implement best practice methods that can deliver carbon reductions and help limit global warming. We will continue to consult stakeholders including Councillors,

residents, young people, businesses and other relevant parties to develop a strategy in line with a target of net zero emissions by 2030 and explore ways to maximise local benefits of these actions in other sectors such as employment, health, agriculture, transport and the economy.

Salix funding is now available to replace another 3,700 lanterns to LED on strategic routes. At present 70% of the Council's street lighting has been converted to LED but we have fallen short of our target which is 90%. It is anticipated that this work will now be completed by 8th November 2021. Completion of this scheme will contribute towards our goal of reducing the organisation's carbon emissions to net zero before 2030 and minimising the negative impact of our activities on the environment.

We need to revise the Local Flood Risk Management Strategy in response to the updating of the National Flood and Coastal Erosion Risk Management Strategy pending guidance from Welsh Government. We also need to develop a Strategy to promote the use and retrofit of Sustainable Drainage Systems (SUD) including an assessment of the benefits of producing new supplementary planning guidance regarding the use of SUDs to mitigate flood risk.

Although we continue to exceed the statutory recycling target for 2020/21 of 70% set by Welsh Government, we need to reduce further the levels of contamination in working towards achieving zero waste. By 2025, we will need to have significantly reduced our waste and aim to manage any waste that is produced in a way that makes the most of our valuable resources. We will continue to ensure that we engage and support residents to make these changes as easily as possible.

We recognise that we would benefit from having an overall Waste Management Strategy to help us continue delivering our waste management services and changes. With this in mind, we are developing a ten-year Waste Management Strategy and supporting action plan in line with Welsh Government statutory guidance and the Well-Being of Future Generations Act which states an expectation that public bodies look at least ten years ahead. This will be reported to Cabinet during 2021/22.

During quarter 2, recruiting HGV drivers was an issue experienced across the country in a variety of services with many Councils experiencing difficulties in meeting their weekly collections as a result of shortages in experienced staff. For the Vale specifically, garden waste collections were particularly affected due to this type of collection not being a statutory service. Recent government action to streamline the testing process and tackle the worldwide lorry driver shortage will allow up to 50,000 more HGV driving tests to be made available each year. HGV driving tests will also be overhauled, meaning drivers will only need to take 1 test to drive both a rigid and articulated lorry, rather than having to take 2 separate tests (spaced 3 weeks apart). This will make around 20,000 more HGV driving tests available every year and mean drivers can gain their licence and enter the industry more quickly.

Appendix 1: Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

APPENDIX 1: Service Plan Actions contributing to this Well-being Objective

Well-being Objective 1: To work with and for our communities

SP/A006: Develop a coherent strategy for the support, monitoring and delivery of EOTAS provision which ensures our most vulnerable learners and EOTAS learners not in education settings are able to access a curriculum that meets their needs and allows them to progress at a rate appropriate with their age and ability.	31/03/2022	50%	EOTAS strategy developed and established. SP/A007: Work with schools to improve attendance rates and reduce persistent absence.	31/03/2022	50%	Covid has an ongoing impact on all areas of attendance; there is still WG guidance making use of penal measures difficult. WG currently advises against issue of FPN and also very limited non covid based use of other penal measures. There is still an ongoing increase in EHE linked to covid and the inclusion team focus, and the work with schools and families on reengagement and phased and supported attendance is still very much with the aim to prevent further covid based increases into EHE since this can cause a range of difficulties both for the learner, school admissions, schools and the LA overall. Indicators	Green		Learning and Culture

Service Plan Actions (will include service plan ref no)	In Year Completion Date	% Complete	Progress & Outcomes Description	Service Plan Action RAG status	ADP Action RAG Status	Relevant Scrutiny Committee
			<p>for the month of September are that attendance for VOG learners is slightly better than All Wales average as is our retention of learners by low EHE de registrations but an increase in persistent absenteeism and lower than pre covid attendance is inevitable due to the long periods of school closure and the negative impact of this in learners and families of all ages. WG appear to accept this is not "business as usual" by virtue of the ongoing advice re engagement rather than penalty approaches. Thus the annual data targets on attendance will not be met (94% secondary and 94.8% primary) and this is in line with WG advice to all schools that they will not collect or penalise attendance data this year - but the response by the LA is on target in terms of seeking to adapt to provide suitable support in the new circumstances. The AWE team has expanded to try to meet the changed attendance and engagement environment and the EWS became the Inclusion team with Inclusion officers taking up roles from September 1st to offer a wider and year-round support to learners with attendance needs or concerns. September 2021 All Wales average 88.2% VOG 89.5% with lowest of 84.8%. The number of PA persistent absentees is also likely to be higher post covid as a result of Covid and the ongoing de facto restrictions on applying penalties.</p>

PAM/012: Percentage of households successfully prevented from becoming homeless.	81%	48.07%	82%	Red	↓	The team continues to work hard and prevent homelessness where possible. Unfortunately, as explained last quarter as a result of the Pandemic, WG have directed all LA's not to complete the priority need investigations detailed within the Housing (Wales) Act 2014 and therefore consider all who present where deemed homeless, vulnerable, resulting in all being placed in temporary accommodation (Hotel accommodation in most cases). The majority of homelessness presentations are now in fact single households where prevention opportunities are extremely limited hence the target has further slipped over the quarter. This target will need to be revised for next year as the priority need test is to be removed permanently leaving very little prevention opportunities as the vast majority will be sofa surfing. WHAT HAVE WE ACHIEVED?

Objective 1: Work with and for our communities:

- Average daily reach figures for our social media platforms Twitter and Facebook, show that we are successfully engaging residents across the Vale. During Q2, our Twitter page exceeded our target of 9,000 impressions, recording an average of 13,100 people seeing our tweets.
- Vale Connect subscribers increased further to 81,791.
- Well-being Champions arranged and took part in a series of monthly Woodland Well-being sessions at Porthkerry Park, providing an opportunity for staff to get out in the fresh air, enjoy nature and lend a helping hand at our parks and gardens.
- Eich Lle / Your Space project formally launched to plan future office space, support staff and deliver new ways of working.
- 89.5% of customer enquiries to C1V were resolved at first contact.
- 94% of ICT service desk calls/tickets were resolved within agreed timescales. An improvement on 88% in the same period last year.
- We launched our digital [Culture Book](#). The Culture Book encompasses and builds on the Staff Charter and highlights the diversity of our organisation, the exceptional work our staff do and showcases us delivering our values in action.

Objective 3: Support people at home and in their community:

- We have continued to support the delivery of the mass testing and vaccination programme across the Vale particularly in our schools and care settings. Lateral Flow tests have been circulated to all frontline staff with encouragement to test twice weekly.

Objective 2: Support learning, employment and sustainable economic growth:

- Our Covid-19 Enforcement Teams continue to ensure compliance with detailed advice being given to individual businesses to support them in operating safely, enforcing the regulations where necessary.
- Online training has continued to be successful and the allergens training for food businesses run in Q2 has been particularly popular with multiple staff from 65 businesses across the region receiving the training.

Objective 4: Respect, enhance and enjoy our environment:

- In July, our [Climate Change Challenge Plan 2021-2030](#) was approved and we declared a Nature Emergency, committing to no net loss of biodiversity. A Project Zero Project Plan has been developed and a newly developed Project Board will meet for the first time in October.
- As part of the staff Healthy Travel Charter a range of activities have been developed including the Cycle 2 Work scheme, cycle maintenance sessions, promotion of walking and the recruitment of cycle champions.
- The installation of EV charging points is underway with work undertaken to the buildings infrastructure to accommodate the charging points at the Alps and Civic Offices.

WHAT DO WE NEED TO IMPROVE?

Objective 1: Work with and for our communities:

- Progress the redevelopment of the Council's website.
- Develop effective measures of accessibility and user experience for the council website and widely publicise these to web content managers.
- Increase the number of adult Welsh learners.
- It is anticipated that not all financial savings will be achieved this year.
- Progress the transfer of assets for other organisations to operate facilities such as sports grounds, parks, open spaces, allotments and public conveniences.
- Complete the C1V refurbishment project.
- The number of working days per FTE employee, lost due to sickness absence has increased to 4.95 days from 3.4 last year at Q2. Reasons for this are currently being reviewed by the Senior Leadership Team.
- Voluntary staff turnover has increased to 4.12% compared to 2.69% last year at Q2.
- Develop an Engagement Strategy to increase diversity within the Council's workforce, including the Council's Apprenticeship and KickStart Schemes.

Objective 3: Support people at home and in their community:

- Undertake stakeholder engagement to inform a review of future service modelling.

Objective 2: Support learning, employment and sustainable economic growth:

- We need to work collaboratively to encourage, support and increase volunteering opportunities which support council services and deliver a range of regeneration, rights of way and country parks projects.
- We recognise that there is more work to do to tackle decarbonisation of school assets, improve air quality around our schools and raise awareness of young people in relation to the climate and nature emergencies.

Objective 4: Respect, enhance and enjoy our environment:

- Develop a Strategy to promote the use and retrofit of Sustainable Drainage Systems (SUD).
- Roll out of Penarth waste blue print on hold due to delays in delivering the Resource Recovery Facility impacted by Covid-19 and issues regarding availability of materials.
- Revise the Local Flood Risk Management Strategy delayed pending guidance from Welsh Government.
- Complete the conversion of streetlights to LED lanterns.
- Progress the next iteration of the Biodiversity Forward Plan in line with the recent nature emergency declaration.

CORONAVIRUS RECOVERY UPDATE

- Council approved proposals for a Senior Leadership Team restructure as the basis for consultation to reflect learnings following the COVID-19 pandemic.
- Eich Lle / Your Space project formally launched to plan future office space to support staff and new ways of working.
- Extended opening hours at the Civic Offices Reception and re-opened Docks Offices reception and have resumed no-appointment access in accordance with required restrictions.
- Continued to work with the Cardiff & Vale Health Board to use Vale premises at the Colcot Sports Centre as a COVID-19 Testing Centre and the mass immunisation centre at Holm View and entered into Licence agreement with Department of H&SC to open a temporary COVID-19 Test site in Llantwit Major.
- Established and supported a flexible model of remote working which has improved efficiency, reduced travel thereby reducing our carbon footprint.
- Working collaboratively to develop a new strategy for, and the platforms required to deliver, a new approach to supporting colleagues' development and well-being.
- Progressed the Reshaping programme of transformational change to pursue recovery strategy priorities.

- Well-being Champions and staff took part in monthly Woodland Well-being sessions at Porthkerry Country Park, providing an opportunity for staff to get out in the fresh air, enjoy nature and give back to the community.

Objective 3: Support people at home and in their community:

- Section 106 funding has been secured for a new play area at Belle Vue, Penarth. Work is due to commence on site on 18th October.
- Nextbike now rebranded as OVO bikes. Additional Active Travel funding received for 2 additional bike stations in Penarth.
- Walk Once a Week (WOW) project delivered in 6 schools to reduce congestion and increase walking rates / active travel.
- 2 major housing developments including affordable housing have been determined for Sully and Rhoose. The scheme for 53 units at Hayes Wood, Sully will include 400m² of play space delivered on site and a further S106 contribution of £56,028 will be used towards providing or enhancing public open space in the vicinity of the site.

Objective 2: Support learning, employment and sustainable economic growth:

- A revised policy relating to outside trading spaces was agreed by Cabinet and implemented from 1st July 2021.
- 96% of planning applications were determined within 8 weeks, exceeding our target of 93% and an improvement on last quarter's performance of 91%.
- We have continued to work to support town centres through a Placemaking grant and Business support fund. These funds include the introduction of new smart foot-fall counting equipment, and a new round of loans to bring vacant properties back into use.
- A series of town centre events such as the Festival of Flowers have taken place with a view to increasing footfall and spend in all 4 of our town centres.

Objective 4: Respect, enhance and enjoy our environment:

- In July, our [Climate Change Challenge Plan 2021-2030](#) was approved and we declared a Nature Emergency, committing to no net loss of biodiversity. A Project Zero Project Plan has been developed and a newly developed Project Board will meet for the first time in October.

WHAT DO WE NEED TO IMPROVE?

Objective 1: Work with and for our communities:

- As we move towards recovery and more of our operations begin to restart, we will need to safely manage the return of staff (unable to undertake their duties at home) back to the workplace.
- Progress the transfer of assets for other organisations to operate facilities such as sports grounds, parks, open spaces, allotments and public conveniences.

Objective 3: Support people at home and in their community:

- Deliver a Travel training programme to help support the independence of young people with disabilities, increasing use of active travel options including public transport and reducing the long-term financial costs to statutory services.

Objective 2: Support learning, employment and sustainable economic growth:

- We need to work collaboratively to encourage, support and increase volunteering opportunities which support council services and deliver a range of regeneration, rights of way and country parks projects.
- Work to deliver an Economic Recovery and Growth Plan for the Vale will now take place in 2022 after the Master Planning and Investment Plan work currently being commissioned.
- We recognise that there is more work to do to tackle decarbonisation of school assets, improve air quality around our schools and raise awareness of young people in relation to the climate and nature emergencies.
- Progress work with the Cardiff Capital Region to reach agreement to progress a Strategic Development Plan for the Cardiff Capital Region in agreement with all South East Wales Local Authorities.

Objective 4: Respect, enhance and enjoy our environment:

- Develop a Strategy to promote the use and retrofit of Sustainable Drainage Systems (SUD).
- Roll out of Penarth waste blue print on hold due to delays in delivering the Resource Recovery Facility impacted by Covid-19 and issues regarding availability of materials.
- Revise the Local Flood Risk Management Strategy delayed pending guidance from Welsh Government.
- Complete the conversion of streetlights to LED lanterns.
- Consider the next iteration of the Biodiversity Forward Plan in line with the recent nature emergency declaration.
- Reduce the co-mingled recycling rate.

CORONAVIRUS RECOVERY UPDATE

- Staff have continued to organise and deliver PPE, waste and recycling equipment throughout the Vale of Glamorgan.
- Recycling rates remain positive despite the pandemic and the first 2 quarters of 2021 indicate that 70% (2025 statutory target) is being maintained.
- The planning application for the Reuse Shop has been approved and delivery of the building is expected during quarter 3.
- Construction on the Resource Recovery Facility commenced in July. The Pandemic has impacted on the construction timetable specifically the availability of materials and the site has an operational date of approximately September 2022.
- School transport has continued. Risk assessments have been updated and new measures implemented where required.
- The Council's cleaning service continues to provide viricidal cleaning services to all the Council's buildings and Schools which subscribe to the service. Bio-misting is also provided to buildings and areas where outbreaks are reported.
- We have worked collaboratively with local businesses to ensure they can trade in a COVID-19 safe environment and are adhering to the WG regulations. Enforcement presence in place to monitor non-compliance.
- Pedestrian safety control has now been removed given Wales is now at alert level zero and public expected to take more personal ownership.
- Further rounds of discretionary Economic Resilience Fund (ERF) funding have been in operation, targeting specific business sectors that have seen a fall in turnover.
- Funding has been secured to operate the Greenlinks service up to March 2023. The service is currently transporting citizens to Holm View Leisure Centre as part of the mass vaccination programme.
- Highway works have continued throughout the lockdowns as have active travel and public transport schemes. This has included design preparation and site works relating to Penarth Esplanade, Llantwit Major, St Brides Major, Ogmore by Sea and carparks (new machines and improvements), new bus timetable information, additional cycling facilities, resurfacing and surface remedial works.
- New Traffic Regulation Orders have been implemented as a result of increased pressures around the Council's resorts and parks.
- Community centres and leisure centres remain fully open, with safeguards in place.
- The Council's Dock Offices reopened to the public in October enabling face-to-face advice sessions relating to planning and building control matters, complementing the current support provided digitally and at the telephone.

WHAT HAVE WE ACHIEVED?

Objective 1: Work with and for our communities

- Digital platforms continue to complement our face-to-face interactions with children, young people and families, and engagement remains positive.
- We have fulfilled our pledge to rehouse Syrian families via the UKRS scheme and have made a further pledge to support two Afghan families affected by the current crisis in Afghanistan.
- Work is progressing with partners on supporting residents through the welfare reform changes.
- Delivered a range of initiatives to get tenants online such as tablet loan schemes and digital training.
- Work continues to progress on the Llantwit Major food poverty pilot project with phase 1 of the public engagement underway.

Objective 2: Support learning, employment and sustainable economic growth

- Created apprenticeships, training and volunteering opportunities for local people through community benefit clauses in our large building contracts. Of note were the two recent new build Council housing estates at Brecon Court and Holm View, Barry.
- The Vale Heroes and Stronger Communities fund have been expanded to support more community projects with particular emphasis on bringing together funding sources.
- 93% of C4W people engaged against a target of 15% and 107% of C4W+ people engaged against a target of 40%.

Objective 3: Support People at home and in their community

- We continue to support victims of domestic abuse; during Q2, 32 properties received safety improvements including alarms, CCTV and changing of locks. When surveyed, 100% of respondents reported feeling safer as a result.
- Work has progressed on the delivery of new Council homes across three sites in Barry, with 11 new homes at Holm View handed over in May 2021 and 11 emergency units handed over at Court Road, Barry in August 2021.
- Planning approval was obtained for 53 new Council homes at Hayeswood Road, Bendricks and up to 15 units at Rhose increasing the amount of affordable homes in the Vale.
- 13 new accessible homes were delivered during Q1 and Q2.

Objective 4: Respect, enhance and enjoy our environment

- Delivery of the Optimised Retrofit Project is enabling properties with low performing heating systems to be upgraded and improved for energy performance, also helping to reduce fuel poverty.
- New opportunities for temporary and permanent accommodation continue to be explored, including conversion of existing buildings and developing more MMC units following the success of our Court Road development.
- Our Community Safety Team purchased 5 deployable CCTV cameras which is helping to protect our environment and managing hotspot areas such as Maslin Park Barry, Romilly Park Barry, Caerwent Gardens Dinas Powys, Rhose Point and Ogmere.

WHAT DO WE NEED TO IMPROVE?

Objective 1: Work with and for our communities

- Maximise mobile working opportunities in SRS to further enhance service delivery and continuity.
- Enhance support to our tenants increase take up of digital and online services and target digital exclusion.
- Continue to engage with our community including tenants, businesses, landlords, care and education settings to inform service delivery, drive service improvements and keep the community safe.

Objective 2: Support learning, employment and sustainable economic growth

- Britain exiting the European Union in January 2020, continues to present challenges in funding for a number of initiatives such as Families First, Inspire to Achieve and Inspire to Work.
- Progress work via the town first centre approach contributing to increased employment opportunities and vibrant town centres.

Objective 3: Support people at home and in their community

- Continue to explore options to identify a potential Gypsy & Traveller site.
- Improve the percentage of domestic abuse victims (96% in Q2) that report that they feel safer as a result of target hardening. We want this to be 100%.
- We are experiencing difficulty in engaging contractors to assist in clearing the backlog of property adaptation work in our Council homes.
- Improve the average number of working days to let an empty property which deteriorated slightly this quarter

Objective 4: Respect, enhance and enjoy our environment

- Progress work to deliver near zero carbon, or at a minimum A rated new Council homes and utilise Optimised Retrofit Programmes that include Modern Methods of Construction and off-site manufacturing to meet carbon reduction targets as per project zero.

CORONAVIRUS RECOVERY UPDATE

- Bed and breakfast accommodation continues to be provided for homeless persons in accordance with Welsh Government's Covid-19 Homelessness Plan. 126 hotel rooms now block booked until 31st March 2022, 106 currently occupied but this changes daily. All clients placed in hotels are allocated key support workers and have access to twice weekly face to face support sessions at the hotel from Pobl. So far, over 729 people have been provided with bed and breakfast accommodation since March 2020.
- Two successful bids were made for capital and revenue funding to develop 11 units of modular housing on the Court Road amenity site as self-contained temporary accommodation for homeless clients to move on from bed and breakfast rooms in hotels. The scheme was handed over on 2nd August 2021, with all units furnished and occupied the same week. A second scheme is being developed to create a complex need supported accommodation scheme for the most vulnerable clients in bed and breakfast (to move into until they acquire the skills for independent living).
- Alternative options are being explored to expand the supply of temporary accommodation including a former garage site in Colcot and also a former Bed and Breakfast hotel on Port Road East.
- Work with tenants to provide advice and support is ongoing, enabling them to better manage their finances and the early effects of Universal Credit.
- SRS continue to lead on the Track, Trace, Protect project for all three Authorities.
- Throughout quarter 2, the Community Safety Team and Safer Vale Partnership have delivered 33 public engagement events resulting in increased engagement on social media platforms.
- During quarter 2, the Anti-Social Behaviour team worked through 615 incidents of ASB. Of these 88 were environmental, 346 were nuisance and 114 were personal, demonstrating the continued return to more 'normal' levels of ASB with Covid related issues less prevalent.
- The cameras have proved to be a valuable asset in reducing ASB in areas, or where ASB has continued it has assisted officers to identify those responsible.
- The Council's cleaning service has resumed normal cleaning operations in all contracted sites and continues to provide a proactive response to areas where known contamination outbreaks or concerns have been identified, Bio-misting is also provided to buildings and areas where outbreaks are reported.

CORONAVIRUS RECOVERY UPDATE

- Responsive Repairs are now providing a full service to all Council Public buildings and housing stock although a significant increase in demand for service has been observed in recent months which has increased workloads.
- The Council's improvement programme has focused on energy efficiency measures and external works to ensure our homes remain wind, water-tight and warm.
- Service commissioning for support services continues in order to ensure compliance with Financial regulations and Contract Standing Orders. 10 contracts were recommissioned in June/July 2021.
- A Tenant profiling exercise has commenced so that services can be better targeted to meet the needs of each individual tenant particularly those adversely affected during the pandemic.
- The Accommodation Solutions Service continues to work in partnership with Health and Social Services colleagues to minimise bed blocking and reduce the need for hospitalisation. They have resumed a limited face to face service within the hospital settings.
- Arrangements have been suitably risk assessed to ensure duties are carried out safely in accordance with the Division's COVID-19 risk management arrangements and where contact has not taken place face to face, this has continued virtually. The YOS building has also been risk assessed and used effectively to support direct contact with children and families across the CYPS Division.
- Families First has increased funding to its Young Carers respite service to support vulnerable and isolated young people. A full programme of activities and support has been ongoing.
- Families First Disability strand services (Families First Holiday club, Integrated Youth Provision and The Index) have continued to provide information and respite services for disabled young people and their families during holiday periods.

WHAT HAVE WE ACHIEVED?

Objective 1: Work with and for our communities:

- Maximising use of digital platforms to complement our face-to-face interactions with children, young people, adults and their families, and engagement remains positive.
- Progress made towards maintaining the resources and information available via Dewis, continuing to support our residents well-being.
- Investigated further opportunities to improve provision and access to care and support via digital means, in particular Telecare.
- Funding secured and IT survey has been completed in readiness for the implementation of digital medication within our residential care homes.
- Our flexible remote working models to support safe and secure home working have improved efficiency and reduced travel thereby reducing our carbon footprint. (This also contributes to Well-being Objective 4, to respect, enhance and enjoy our environment.)
- Continued to support children looked after and those leaving care, where EUSS scheme application is applicable, funding has been applied for and applications are currently being processed.
- Progressed engagement work with children, young people and families, including those with protected characteristics, through the launch of a national TV advertising campaign. During quarter 2 the Vale has approved 8 new foster carers.
- Supported the required changes to financial support to the care sector.

Objective 3: Support people at home and in their community:

- Supported the delivery of the mass testing and vaccination programme, majority of staff have received both vaccinations along with Lateral Flow Devices circulated to all frontline staff.
- Co-ordinated a successful free Summer of Fun programme with a range of inclusive sports, physical activity, play, arts and cultural activities in partnership with more than 30 internal and external partners.
- Worked in partnership with the Public Service Board to implement the Move More, Eat Well Plan. During Q2, 75 disabled children accrued 450 participations over 12 days of play provision (24 play sessions delivered over 60 hours of supported play) delivered through the Families First Holiday Club, organised by the Play Team working in partnership with Ysgol Y Deri.
- The WOW (Walk once a week to school) project launched in 6 schools to encourage active travel behaviours. Schemes continue to be developed to improve walking, cycling and public transport infrastructure in existing areas and new housing developments either through direct provision or through the Section 106 process.
- Adult Services continue to work in partnership with the Health Board and VOG Customer Services to develop a sustainable and integrated model for a single point of access to Well-being Matters Services.
- Continuing to support the roll out of the Wales Safeguarding procedure, all Adult Services staff have access and relevant training to the All Wales Safeguarding Mobile App. Preparations are under way to roll out Adult Safeguarding training to all case management staff in Q3.

WHAT DO WE NEED TO IMPROVE?

Objective 1: Work with and for our communities:

- Progress work to support the needs of those living with or caring for someone with Dementia, including developing the reach of Dementia Friendly Communities.
- Support work with our partners to achieve Age Friendly status for the Vale.
- Progress the review of adult services involving service users to enable us to meet our changing accommodation requirements.
- Further enhance our website to enable greater customer integration including electronic referrals, intelligence information sharing, self-assessments for Telecare, minor adaptations/OT equipment and real-time access to service user records.
- Undertake stakeholder engagement to inform a review of future service modelling.
- Explore the use of technology to support payment for certain services, issue with WCCIS has not enabled this to progress.

Objective 3: Support People at home and in their community:

- Improve performance in relation to assessments completed for children within statutory timescales and similarly, and for adult care plans reviewed within statutory timescales.
- Challenges in recruiting and retaining social workers in key areas is impacting our capacity to meet higher levels of demand.
- Increase the percentage of NERS clients who complete the exercise programme.
- Improve on the number of domestic abuse victims that report they feel safer as a result of target hardening.
- Alongside COVID restrictions, the high demand in Private Sector works is having an adverse impact on delivering disabled facilities grants.
- Continue work to bring together all aspects of leisure and physical activity under the umbrella of the Vale Leisure Strategy, using this as a vehicle to maximise opportunities and our resources to increase physical activity and participation rates across the Vale.
- Progress work to strengthen the 'Well-being Matters' brand so that our citizens know and recognise it is the first port of call for information, advice and assistance.
- Implement a succession and growth plan to increase resilience of our Approved Mental Health Practitioner Service, which remains fragile.
- Consider future options for the Disabled Facilities Service as part of service re-shaping, alongside the impact of the lead officer leaving the Council.

CORONAVIRUS RECOVERY UPDATE

- Maintained the Vulnerable Children Tactical Group, which has supported cross Directorate identification and discussion of issues affecting vulnerable children and young people returning to school and during school holidays.
- Maintained blended approaches to service delivery to continue to support service users and their families.
- Maintained arrangements to support the receipt of contacts into Children and Young People Services, which remain consistently higher than pre Covid levels, and associated decision making.
- Continued dynamic risk assessments to support face to face service delivery, and assessments.
- Continued to support the well-being of our workforce through promotion of the importance of self-care and promoted well-being activities.
- Supported the booster vaccination of frontline social care staff.
- Supported the required changes to financial support to the care sector.
- Maintained a reablement model of care to support step up/step down and supported the wider domiciliary care pressures by absorbing some capacity from the care market using VCRS as an interim measure to deliver care to those most in need.
- Dynamic risk assessment process in place to manage allocation of domiciliary packages.
- Recruitment drive for the social care sector and development of a Fast Track to Care process to encourage people to move into the social care market.
- Responded to the increasing demands for the placement of children looked after, maximising available in-house and external resources, alongside the use of creative accommodation solutions, completing risk assessments as required.
- Increased resources available to service users and professionals on Dewis.
- Identified additional resourcing requirements in Children and Young People's Service and developed proposals for consideration.
- Maintained a complex care day service alongside delivery of Outreach services to other day service attendees
- Re-opened and sustained the opening of our Older Person's Day Service in partnership with the Carers Trust, South East Wales (CTSEW).
- Produced Active Travel plans to encourage and support sustainable changes to children, young people and adults travel patterns as part of the response to our Climate Change Emergency declaration.
- Continued flexible remote working models to support safe and secure home working which have improved efficiency, reduced travel thereby reducing our carbon footprint.
- Developed a Social Services Reshaping transformation programme to support the service to make changes as a result of the ongoing impact of the pandemic and other external factors.

WHAT HAVE WE ACHIEVED?

Objective 1: Work with and for our communities:

- Over 8,000 devices have been deployed within education to support learners. Refitting of all schools sites with new networking infrastructure has also been completed to enhance the use of the additional technology and learning.
- Created and promoted a regional Welsh medium ALN resource directory to support provision and ensure consistency in practice. Also collaborated on developing a ground-breaking Welsh language reading test and comprehensive training directory for schools.
- Our outreach provision has supported inclusion in all education settings ensuring that learning experiences meet pupil needs and support their well-being.

Objective 2: Support learning, employment and sustainable economic growth:

- The specialist resource base at Whitmore High School, Barry is operational and pupils are settling in well.
- The Childcare Fund has been used to support 138 learners with varying needs including speech and language delay, fine and gross motor development delay and personal and social delay.
- Since going live with the Kick Start initiative, over 100 of the 146 placements secured across 51 local businesses have been filled facilitating training and employment opportunities for young people.
- Progress continues at a steady pace to support the opening of childcare units at Llanfair Primary School, Gladstone Primary School and Ysgol Dewi Sant for January 2022.
- St. David's CIW Primary School opened in September along with completion of the Ysgol Bro Morgannwg new build secondary school.

Objective 3: Support People at home and in their community:

- Since April 2020 to September 2021, the Council has supported approximately 2,917 families and 4,571 children with payments from Welsh Governments Covid hardship grant to the value of £2.79 million, replacing free school meals during periods of school closure.
- The Sports and Play team secured £196,000 to deliver a Summer of Fun (a wide range of activities for children and young people). The activities proved highly successful and funds are being secured to continue a Winter of Fun.
- Art venues, public art exhibitions and library services have reopened to the public with some events remaining digital to support individuals and families.
- Through additional funding from WG, the Vulnerable Children Tactical Group has supported schools to provide holiday provisions at 4 schools across Barry and 1 in Llantwit Major.

Objective 4: Respect, enhance and enjoy our environment:

- Developing school projects with low or net zero carbon in-use as part of the 21st Century school's programme.
- Walk Once a Week (WOW) project delivered in 6 schools to reduce congestion and increase walking rates / active travel.
- Low and net zero carbon projects as part of the School Investment and the 21st Century Schools Programme remain on track, alongside the work with Cardiff University's K2n project to set up carbon monitoring once buildings are operational.
- Launched school ecology resources to support schools with enhancing outdoor areas for nature and play as part of supporting development of a Green Infrastructure Strategy.

WHAT DO WE NEED TO IMPROVE?

Objective 1: Work with and for our communities:

- Ensure we meet the needs of our digitally excluded pupils as we progress with the new school attendance arrangements.
- Work collaboratively with key stakeholders, involving children and their families to meet the increased demand for specialist services and placements for children and young people.
- Strengthen our engagement with communities, parents and carers, and learners to inform our learning recovery plans.
- Progress the upskilling of staff in order to build the specialist skills and expertise required to support the shift in strategy for blended learning.

Objective 3: Support people at home and in their community:

- Work collaboratively to build on the cohesive approach taken in supporting our vulnerable children and families e.g. via the Vulnerable Children Tactical Group, Engagement, and the Attendance Well-being & Engagement Teams.
- Promote active travel options to improve children and young people's well-being (including those with disabilities) and help build independence.
- Increase diversity and opportunities for community participation in leisure, art and cultural learning online.
- Respond to the outcome of the consultation on the Council's Arts Strategy.
- Issues with supply chains have caused delays in shipping devices ordered with Hwb funding. These are expected by the end of 2021.

Objective 2: Support learning, employment and sustainable economic growth:

- Ensure appropriate provision to meet the bespoke needs of increasing numbers of children and young people presenting with acute anxiety and other social, emotional and mental health needs.
- Ensure that all children and young people re-engage and catch-up on learning lost during the lockdowns to ensure they are not further disadvantaged.
- Work via the AWE and EWS teams to reduce further the number of pupils with low attendance.
- Work in partnership to ensure positive education destinations. Number of NEET young people at the end of Year 13 doubled compared to the previous year from 1.5% to 3%.
- Whilst we are on track with our programme of school improvements, programmes are starting to become affected by supply chain issues and availability of materials as a result of COVID-19 and Brexit.

Objective 4: Respect, enhance and enjoy our environment:

- Progress work to implement active travel plans and improve air quality around schools.
- Maximise the contribution made through the education estate as part of the development of a Green Infrastructure Strategy.
- Progress work via the SIOB Decarbonisation Sub-Group to respond effectively to the Council's climate emergency.

CORONAVIRUS RECOVERY UPDATE

- The Youth Service contributed to a 3 week 'summer of fun' programme during the school holidays which allowed young people to gather with their peers outside of school. For some, this was the first time since the start of the pandemic. The Youth Service also worked with the Play Team to source and support activities for the Summer of Fun initiative.
- 200 young people were consulted about the issues affecting them and the activities they felt they needed. Feedback led to targeted officer training and the Youth Service are now able to deliver detached and outreach sessions and provide 'pop up' youth club sessions in parks and open spaces across the Vale so that young people can engage in safe activities.
- Collaboration with partners to reduce the risk of vulnerable learners becoming NEET, including support for transition to post 16 education and training for all vulnerable learners currently in Year 11. Additionally, pre and post 16 training from ESF programmes has supported more vulnerable learners from Year 11 and post 16 to gain employment or work-related skills.
- The Inspire to Achieve (I2A) programme continues to be highly successful and the Vale is the highest performing local authority in the regional operation for those young people identified as not in education, employment or training (NEET). As result of the interventions, both outcomes and the project are performing significantly above target. We are delighted that two of our I2A staff received recognition for their hard work and contribution to youth work teaching in schools at the Professional Teaching Awards Cymru. Both I2A and Inspire to Work (I2W) continue to make a positive impact on NEETs levels by targeting destinations data and supporting clients on the 5-tier model. Collaboration between the Youth Service and Careers Wales has improved and is delivering a positive impact on NEETs.
- Additional provision for school-based counselling has been commissioned via Barnardo's Cymru to provide additional capacity. A specialist counsellor has also been commissioned to deliver a counselling & therapy service to primary aged pupils.
- In response to increased need, the capacity of the Engagement Service which works with schools to meet the SEMH needs of children and young people in the Vale has been increased. An additional specialist teacher has joined the team and plans are in place to appoint a clinical psychologist to add further expertise. This is enabling the service to address the increasing number of pupils presenting with SEMH difficulties as a consequence of the pandemic.
- The Motional Assessment tool has been purchased for schools for 3 years, 2021-2024. Motional is an online tool for identifying, assessing, and improving the emotional health and wellbeing of children and young people. It builds capacity within mainstream schools to respond quickly to mental distress as pupil assessments generate activity/intervention plans tailored to the emotional health profile of the individual. Schools are beginning to utilise these assessments in order to build their capacity to meet the increasing SEMH needs of the school population.

• CORONAVIRUS RECOVERY UPDATE

- As a response to the impact on the wellbeing of young people, a pilot 'learning and wellbeing class' was established at Ysgol y Deri. The class support 8 young people of secondary school age who, due to severe anxiety, have been unable to access mainstream school. While we acknowledge that it's very early in the pilot, early signs are that the young people are not only engaging well, but also attending regularly which is a huge success.
- Collaborated via C4W to secure employment opportunities, work placements and training for clients needing qualifications or training to facilitate employment, including the launch of Kickstart aimed at 18-24 year olds. Set up and running kickstart- Total number of Kick Start places approved; 146 across 51 local businesses
- Number of Kick Start places filled 59. Working with ACL to fund employability workshops and exploring other course/programmes due to funding issues in ACL.
- Since the removal of fixed penalty notices and penal measures, the Attainment, Wellbeing and Engagement (AWE) team is now used to providing wellbeing and nurture support to small groups of learners in years 4-8 who are on roll at mainstream schools but not attending and are disengaged from learning. AWE became operational in the summer term but has already expanded to meet the changing attendance and engagement needs and is now moving towards being an alternative to Educational Welfare Support (EWS) input and becoming a stand-alone support service instead in order to alleviate pressure on the inclusion team.
- The Children and Communities Grant (CCG) continues to fund a wide variety of Children and Young People services. WG has provided additional Covid funds to increase services, proposals have been agreed to develop additional mentoring service for children, a project to support children who have experienced domestic abuse and a family support project and the delivery of a course focussed on families with late diagnoses of ASD. These were all identified as gaps in current provision and will reduce pressure on existing Families First (FF) services. There have been a variety of staff increases in both FF and FS which will directly impact on current waiting list. All projects continue to report regularly and delivering what is expected although Covid-19 continues to hinder direct 1-1 work. Projects continue to respond positively continuing to use innovative methods to keep in contact with service users.
- Funds into the CCG were also focussed on childcare and supporting local childcare providers with a raft of Covid based grants focussed on sustainability.
- Established a flexible model of remote working which has improved efficiency, reduced travel thereby reducing our carbon footprint.
- Supporting schools in managing the WG Accelerated Learning Programme Grant targeted to support year groups 7, 11, 12 and 13.

However, it is believed that 2020 figures were affected by the pandemic. The figure in 2019 was 5.29% so it hasn't reached the same levels. However, it is viewed that there is a risk of voluntary leavers increasing as the Council moves out of the pandemic.</p>	<p>Covid Related</p>

ALN/A012: Deliver a Travel training programme to help support the independence of young people with disabilities, increasing use of active travel options including public transport and reducing the long-term financial costs to statutory services.	25%		Progress with current provider has proven difficult following the pandemic. Seeking to undertake contract compliance meeting to push this forward.	Covid Related
NS/A032: Continue to develop a more environmentally sustainable fleet including the use of hybrid, alternatively fuelled and electric vehicles.	25%		On-going. Energy Service Wales report on fleet options and zero emission infrastructure still being put together by WG (chased repeatedly). Bio-gas fuelled vehicles project not progressed at this stage. Demo hybrid pool car being used in Q3. £300k WLGA funding for EV charging points at Council depots being investigated. However, EV refuse vehicles cost prohibitive and long delivery times. AS/A006: Develop a working group on meeting the needs of those living with or caring for someone with Dementia.	25%	↑	No further progress in relation to focused work in this area. However, our Rondel House Day Service has extended its hours into weekends to support people living with dementia.	Covid Related
AS/A001: Undertake stakeholder engagement to inform a review of future service modelling.	25%	↔	We have not been able to further this piece of work during the second quarter, as we have need to concentrate on recovery. However, the Service Development Manager referred to in Qtr. 1 has now commenced in post, and this is in the role's scope to progress this work. In addition, we need to consider the accommodation needs in line with the Council's ambition re accommodation strategy and need to conduct this engagement to inform this.	Covid Related

CPM/092 (CPM/010): Average number of working days to let an empty property (standard condition). (Housemark)	19.5 days	21.6 days	19.57 days	↓	There has been a small deterioration in performance during the last quarter and we are slightly over target. PAM/012: Percentage of households successfully prevented from becoming homeless.	81%	48.07%	82%	↓	The team continues to work hard and prevent homelessness where possible. Unfortunately, as explained last quarter as a result of the Pandemic, WG have directed all LA's not to complete the priority need investigations detailed within the Housing (Wales) Act 2014 and therefore consider all who present where deemed homeless, vulnerable, resulting in all being placed in temporary accommodation (Hotel accommodation in most cases). The majority of homelessness presentations are now in fact single households where prevention opportunities are extremely limited hence the target has further slipped over the quarter. This target will need to be revised for next year as the priority need test is to be removed permanently leaving very little prevention opportunities as the vast majority will be sofa surfing. CPM/102: Number of visits to public libraries during the year per 1,000 population.	74	33.8	1560	↑	There has been an increase in visitors over the previous quarter (to 29,852) as library users gain a little more confidence to return to libraries. Numbers are nothing like they were in previous years but they will continue to increase from this point, unless we have additional Covid problems during the year. As well as library browsing and PC use we have begun to return to some staple library activities, albeit in very small group sizes. The larger libraries now run a story time as a weekly activity and there has been a return to some readers group meetings. All libraries marked the annual Summer Reading Challenge with activities for children in the summer. There were also additional activities and welcome funding from the Summer of Fun initiative. Penarth Library ran a series of popular activities at Penarth Pavilion. Community Library visitor figures are included in total figures (as in all previous years) and this summer Dinas Powys Library & Activity Centre stood out amongst community libraries for a couple of activities they ran to bring in visitors, these included a fun day and an exhibition launch. During coming months, we hope to continue to grow the number of visitors and activities in libraries and maintain a steady and safe increase in use. We plan to re-introduce coffee mornings and begin to take room bookings before Christmas as well as promote our library services more heavily. Total numbers of people attending activities was 1003, the majority of them children or parents with children.	Covid Related
