

Meeting of:	Cabinet
Date of Meeting:	Thursday, 28 November 2024
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Quarter 2 Revenue Monitoring 2024/25
Purpose of Report:	To advise Cabinet of the Quarter 2 Revenue Monitoring position for 2024/25
Report Owner:	Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Matt Bowmer Head of Finance/Section 151 Officer
Elected Member and Officer Consultation:	None
Policy Framework	This report is a matter for Executive decision by Cabinet.

Executive Summary:

- The table below sets out the Original Budget and Virement requests for approval by Directorate.

Directorate	Original Budget 2024/25	Budget Amendment 2024/25	Revised Budget 2024/25	Projected Outturn	Variance
	£000's	£000's	£000's	£000's	£000's
Learning and Skills	133,438	50	133,488	139,961	6,473
Social Services	96,276	50	96,326	103,361	7,035
Environment and Housing	32,417	288	32,705	33,252	547
Corporate Resources	16,696	(300)	16,396	16,720	324
Place	3,163	0	3,163	3,163	0
Policy	29,231	(88)	29,143	29,143	0
Use of Reserves	-2,360	0	-2,360	-1,513	847
Council Tax Surplus	0	0	0	-1,000	-1,000
Unplanned Use of Reserves	0	0	0	-14,226	-14,226

Total	308,861	0	308,861	308,861	0
Public Sector Housing (HRA)	-77	-600	-677	-667	0
HRA Use of Reserves	77	600	677	667	0
Total	308,861	0	308,861	308,861	0

- The revenue position for 2024/25 continues to reflect challenging demand and inflationary pressures with continuance of the key service pressures that the Council reported as part of the 2023/24 outturn position into 2024/25. The cost pressures allocated as part of the 2024/25 budget were adjusted to reflect the funding available and therefore do not provide full funding for pressures and these pressures have continued to increase across the first half of 2024/25. There is evidence of increasing demand in respect of Childrens and Young Peoples Care and Adults Social Care reflecting an increased incidence and complexity of need as well as significant increases in the cost of placements and care packages. Support for Additional Learning Needs continues to be an area of significant pressure within Learning and Skills with corresponding pressures on school transport costs for pupils in ALN provision and the overspend reported of £1.231m is significant in the context of over £500k of cost pressures awarded to this area for 2024/25.
- Across the services inflationary pressures are also being experienced in respect of pay most notably where market forces are being utilised and for the funding gap between provision for the 2024/25 pay award and the likely pay award for 2024/25. The Council only allocated very limited contractual inflation as part of the 2024/25 budget and no general inflation for some years and this will have a general impact on the resilience of revenue budget. The delays on implementation of savings will also impact the 2024/25 outturn across services.
- Unplanned use of reserves approximately £14.226m, which represents a further increase on the unplanned use of reserves reported at Q1 of £13.629m the Council has various workstreams progressing to mitigate the unplanned use of reserves and reduce in year overspends.
- The majority of the unplanned use of reserves will be met from Service Reserves however £486k has been shown against the General Fund it is not envisaged that this funding will be taken from the General Fund at year end and this sum would be the first priority for offsetting or mitigation in year should there be any emerging underspends or areas of mitigation identified in year. This will ensure that the Council Fund is maintained at the policy level for this financial year.
- Challenging savings and efficiency targets have been set out for 2024/25 this includes a target of £7.676m Corporate savings. The progress against these savings targets are reflected in the Appendix and summarised in the table below. The Council also continues to monitor the delivery of 2023/24 savings not achieved in year.

Directorate	2023/24 Savings outstanding	2024/25 Savings Target	Projected Amount to be Achieved 2024/25	Projected Amount to be Achieved of 2023/24 Outstanding	% Achieved 24/25	% Achieved Total Outstanding
Learning and Skills	65	371	253	0	68%	58%
Social Services	0	1,755	1,156	0	66%	66%
Neighbourhood Services and Housing	92	1,898	1,150	0	61%	58%
Place	20	286	235	20	82%	77%
Corporate Resources	250	1,308	924	0	71%	59%
Policy	0	2,008	1,968	0	98%	98%
Corporate	0	50	0	0	0%	0%
Total	427	7,676	5,686	20	74%	70%

- Projected transfers to and from reserves are set out in the table below.

As at	Balance 01/04/2024	Capital	Budget Revenue	Revenue Mvmt on Reserves	Unplanned Use of Reserves	Realloc of Reserve	Projected Balance 31/03/25
	£'000	£'000	£'000	£'000	£'000	£'000	£'000
General Fund	11,106	0	0	0	-486	0	10,620
Insurance	4,878	0	0	0	0	0	4,878
Service Reserves	16,587	-464	0	-774	-8,431	0	6,918
Risk and Smoothing Reserves	24,655	-2,644	-1,841	-1,559	-1,000	-259	17,352
Capital	10,446	-5,717	0	695	0	259	5,683
Schools	5,057	0	0	0	-4,309	0	748
Housing Revenue Account	3,525	0	667	0	0	0	4,192
Total	76,254	-8,825	-1,174	-1,638	-14,226	0	50,391

- In the context of the additional pressures reported as part of Q2 Monitoring it is now the case that all use of reserves are being considered by Senior Leadership Team to provide additional rigour. Further recruitment controls are also now being implemented equating to a recruitment freeze for posts that do not have statutory requirements. Further examination of the use of Grant Expenditure will be undertaken by the Accountancy team. In addition some workstreams identified as part of reshaping will be accelerated such as Demand Management in respect of Adult and Children's Social Services and School Transport arrangements.

Recommendations

1. That the position with regard to the Authority's 2024/25 Revenue Budget be noted.
2. That Cabinet approves the Revised Budget 2024/25 set out as part of this report.

Reasons for Recommendations

1. To inform Cabinet of the projected revenue outturn for 2024/25.
2. To update the Revised Budget for 2024/25.

1. Background

- 1.1 Council on 6th March 2024 approved the revenue budget for 2024/25 (minute no 891) and earlier in the year Council on 15th January 2024 approved the Housing Revenue Account (HRA) budget for 2024/25 (minute number 695).
- 1.2 There was an approved drawdown during 2024/25 of £2.744m from other specific reserves this has been reduced by £847k in year due to additional WG Grant for Housing and Resettlement and this sum will be retained in the Housing and Homelessness Reserve.
- 1.3 There is a significant volume of pressures in year across services including Schools, Additional Learning Needs and Social Services both Adult and Children's Services. Other pressures include Highways resurfacing, Market forces for HGV drivers and some lag on the implementation of savings across 2023/24 and 2024/25.
- 1.4 In the context of these pressures additional drawdown from Service reserves will be required in year over and above the £1m set aside as part of the 2024/25 budget for Budget Risk. The current projected unplanned use of reserves and use of the budget risk reserve are reflected in this monitoring report and will continue to be kept under review as the Council progresses through this financial year.

2. Key Issues for Consideration

Emerging Corporate Pressures

- 2.1 The revenue position for 2024/25 continues to reflect challenging demand and inflationary pressures with continuance of the key service pressures that we saw in the 2023/24 outturn position into 2024/25, chiefly Social Services, Education and Homelessness. The cost pressures allocated as part of the 2024/25 budget were adjusted to reflect the funding available and therefore do not provide full funding for pressures and these demands on services have continued to increase in the first quarter of 2024/25. There is evidence of increasing demand in respect of Children's and Young Peoples Care and Adults Social Care reflecting an increased incidence and complexity of need as well as significant increases in the

cost of placements and care packages. Support for Additional Learning Needs continues to be an area of significant pressure within Learning and Skills with corresponding pressures on school transport costs for pupils in ALN provision. The Council also continues to report severe homelessness and resettlement demands with continued use of hotel provision in addition to facilities such as hostels etc.

- 2.2 Across the services inflationary pressures are also being experienced in respect of pay most notably where market forces are being utilised and for the funding gap between provision for the 2024/25 pay award and the likely pay award for 2024/25. The Council only allocated very limited contractual inflation as part of the 2024/25 budget and no general inflation for some years and this will have a general impact on the resilience of revenue budget. The delays on implementation of savings will also impact the 2024/25 outturn across services, this is in part due to the time required to effectively implement savings of this scale but also reflects capacity within teams.

Revenue Financial Position

- 2.3 The table below details the original budget and reflects any requested virements. The use of reserves will be necessary to address emerging inflationary pressures and deliver projects across the service.
- 2.4 Unplanned use of reserves is currently projected to be approximately £14.226m (£4.309m relating to schools), the unplanned use of reserves at Q1 was £13.629m and the predominant driver for the increase in unplanned use of reserves was the emerging School Transport overspend and the increase in overspend against both Children and Young People's Services and Adult Services offset by projected Council Tax surplus of £1m in year.
- 2.5 The Council has various workstreams progressing to mitigate the unplanned use of reserves and reduce in year overspends which are set out in the bullet points below.
- Schools Budget Taskforce particular workstreams around consideration of all schools contracts and agency spend, some work refining ICT licences, consideration of additional resource to support schools with sufficient deficits and in respect all schools procurement.
 - Additional resource to support reshaping savings to help accelerate the delivery of savings with particular focus on high value savings that have not been progressed for capacity reasons.
 - Spend Controls – Introduction of additional controls on new recruitment and Directorate controls on non essential spend. There has been a period of challenge on recruitment and this is being further strengthened.
 - Directors are working with Service Accountants to manage the unplanned drawdown of service reserves.
 - Review of use of Grant Expenditure to ensure most efficient use of funding.
 - Any drawdown of reserves cleared at Senior Leadership Team.

2.6 The more detailed service position is detailed in Appendix 1 and the service specific appendices.

Table 1. Budget and Projected Outturn

Directorate	Original Budget 2024/25	Budget Amend 2024/25	Revised Budget 2024/25	Projected Outturn	Variance
	£000's	£000's	£000's	£000's	£000's
Learning and Skills	133,438	50	133,488	139,961	6,473
Social Services	96,276	50	96,326	103,361	7,035
Environment and Housing	32,417	288	32,705	33,252	547
Corporate Resources	16,696	(300)	16,396	16,720	324
Place	3,163	0	3,163	3,163	0
Policy	29,231	(88)	29,143	29,143	0
Use of Reserves	-2,360	0	-2,360	-1,513	847
Unplanned Use of Reserves	0	0	0	-14,226	-14,226
Total	308,861	0	308,861	308,861	0
Public Sector Housing (HRA)	-77	-600	-677	-667	0
HRA Use of Reserves	77	600	677	667	0
Total	308,861	0	308,861	308,861	0

Learning and Skills

2.7 The Learning and Skills budget was set at £133.438m for 2024/25 and assumed £300k use of reserves to support schools. The quarter 2 revised budget reflects a virement of £50k from Corporate Resources to reflect energy costs in corporate assets. The budget position is detailed in Appendix 2.

2.8 School budgets are currently in the process of being signed off and recovery plans submitted for schools in deficit with an initial projection of £9m net deficit after allowing for carry forward balances from 2023/24. As we have observed in previous years and with consideration of ongoing workstreams to help reduce school deficits it is likely this net deficit sum will reduce as we progress through the year. The latest position in respect of school balances is set out in the appendix. Currently this monitoring assumes that the full value of school balances £2.309m will be utilised in year plus an additional £2m provided for in reserves as part of the outturn position. It is expected that a clearer position in respect of school funding will be known once funding streams for additional Teacher's Superannuation costs and Pay awards have been confirmed by Welsh Government.

2.9 The Outturn position for 2023/24 set aside £2m towards offsetting school deficits in 2024/25.

- 2.10 The savings target for Learning and Skills for 2024/25 is £371k it is expected that 58% of savings will be delivered or mitigated in year a contribution of £63k towards savings not identified in year will be made from the Budget Risk reserves however this is one off in 2024/25.
- 2.11 The projected outturn for Central Learning and Skills in 2024/25 is an overspend of £2.163m after a transfer in for the School Transport overspend of £1.231 and is further detailed in Appendix 2.
- 2.12 Key pressures within the directorate include the following:
- Retirement and Redundancy costs in schools
 - Reduction in Out of County Income for pupils from other Local Authorities attending Special Schools and Resource Bases.
 - Children's Placement Costs - Due to increasing numbers of placements and the increasing cost of those placements.
 - Despite additional funding allocated as part of the 2024/25 budget process School Transport is likely to be a significant pressure in year due to demographic changes and provider price uplifts and the overspend is estimated to be in the region of £1.231m in 2024/25 and reflects price uplifts for suppliers agreed in year and additional pressures associated with transport for ALN pupils.

Social Services

- 2.13 The Social Services budget was set at £96.243m for 2024/25, the revised budget reflected as part of the Q2 monitoring reflects a virement of £50k for additional energy costs associated with Council run Care Homes.
- 2.14 The budget position is detailed in Appendix 3.
- 2.15 The savings target for Social Services for 2024/25 is £1.755m it is expected that 66% of savings will be delivered or mitigated in year.
- 2.16 The projected outturn for Social Services in 2024/25 an adverse variance of £7.035m and is further detailed in Appendix 3, this represents an increase in the overspend against Children and Young People Services and an increase in the overspend against Adult Services the predominant driver for this overspend is an increase in the number of and complexity of care arrangements across Social Services which is further explored in Appendix 3.
- 2.17 Key pressures in addition to the reserves funding set out below within the directorate include the following:

- Rising costs associated with placements for Children and Young People.
- Additional legal costs associated with increased complexity and incidence of care proceedings.
- Increase in care hours required for Adults due to a significant ageing population.
- The service is also reporting an increase in residential and nursing placements, an increase in direct care placements and respite.
- The increase in residents over 75 has a significant impact on the levels of care required and this demographic pressure is particularly acute in the Vale.

Environment and Housing

2.18 The Environment and Housing budget was set at £32.417m for 2024/25 with a further £77k for the Housing Revenue Account. This revised budget reported as part of the Q2 monitoring reflects a virement of £200k for additional energy costs associated with corporate assets and within this service the energy costs associated with street lighting provision and also reflects the Revised Housing Revenue Account also on this Cabinet agenda. The budget position is detailed in Appendix 4.

2.19 The savings target for 2024/25 is £1.898m it is expected that 66% of the combined savings and 70% of the 2024/25 savings target will be delivered or mitigated in year however this is dependent on a number of work streams to progress savings initiatives being taken forward by the service. This is being mitigated by a contribution of £605k from the Budget Risk Reserve to offset the shortfall.

2.20 The projected outturn for Neighbourhood Services and Housing in 2024/25 is set out in the table below.

Table 1 - Neighbourhood Services & Housing

Directorate/Service	Adjusted Original Budget 2024/25 £'000	Revised Budget 2024/25 £'000	Projected Outturn 2024/25 £'000	Variance 2024/25 £'000	Use of Reserves 2024/25 £'000
Environment and Housing					
Neighbourhood Services and Transport	26,734	27,022	28,616	-1,594	4
Unplanned Use of Reserves Neighbourhood Services	0	0	-1,394	1,394	1,394
Building/Cleaning Services	655	655	555	100	- 100
Regulatory Services	1,638	1,638	1,638	0	0
Council Fund Housing	3,390	3,390	2,443	947	572
Public Sector Housing (HRA)	-77	-667	-667	0	0
Use of Reserves HRA	77	667	667	0	-667
Total Environment and Housing	32,417	32,705	31,858	847	1,203

- 2.21 Of the overall position £789k of the Neighbourhood Services adverse variance will be offset by a drawdown from the Neighbourhood Services Reserve and a further £605k funded from the Budget Risk Reserve. The favourable variance against Council Fund Housing will be used to reduce the budgeted drawdown from Housing and Homelessness Reserve this budget position is further detailed in Appendix 4.
- 2.22 Key pressures within the directorate include the following:
- Highways patching and pot holes
 - Staffing budgets – market forces payments to HGV drivers
 - Accommodation to meet the need of homeless people and families currently based at the Holiday inn Express although this is predominantly offset by WG grant and use of reserves in year.
 - Cost of consultancy/additional support around NEC implementation.
- 2.23 Trading Estate - The Building Maintenance and Building Cleaning and Security Trading Accounts are currently projected to outturn with a favourable variance of £100k.
- 2.24 Public Sector Housing (HRA) – The revised budget reflected as part of this report is detailed in the Housing Revenue Budget report also on this Cabinet agenda.
- 2.25 The HRA is expected to outturn on target and any under/overspends in year will be offset by changes to the contributions to capital expenditure thus changing the drawdown from the Housing Revenue Account reserve.

Corporate Resources

- 2.26 The Corporate Resources budget was set at £16.659m for 2024/25, the revised budget reported as part of the Q2 monitoring reflects a virement of £300k to other Council Directorates to reflect the additional energy costs associated with corporate Council assets.
- 2.27 The savings target for 2024/25 is £1.308m it is expected that 72% of savings for 2024/25 and 60% of the combined target will be delivered or mitigated in year which reflects delays on the Docks and C1V savings.
- 2.28 The projected outturn for Corporate Resources in 2024/25 is an adverse variance of £324k which will be funded from the Budget Risk reserve and Corporate Resources Reserve and further detailed in Appendix 5.
- 2.29 Key pressures within the directorate include the following.

- Delays to the implementation of 2023/24 and 2024/25 savings initiatives such as the reorganisation of Council Office space which impacts savings proposals for Docks Office and Contact OneVale.
- Savings target for security services
- Annual Microsoft Licencing Cost. Dependant on achieving savings on corporate telephony.
- Legal Services income shortfall, agency staff and consultancy costs.
- Managed Print Service savings target.
- Human Resources and Organisational Development occupational health and counselling costs.

Place

2.30 The Place budget was set at £3.163m for 2024/25.

2.31 The savings target for 2024/25 is £286k and it is expected that 82% of 2024/25 savings will be delivered or mitigated in year and 77% of the combined outstanding savings.

2.32 The projected outturn for Place in 2024/25 is a breakeven position which and is further detailed in Appendix 6.

2.33 Key pressures within the directorate include the following.

- Disabled Facility Grant Team funding
- Building Control income is below target. Internal Corporate schemes should be offered in-house before being awarded to external Building Surveyors.

Policy

2.34 Policy – The Policy Budget was set at £29.301m for 2024/25.

2.35 The savings target for 2024/25 is £2.008m it is expected that 98% of savings will be delivered or mitigated in year.

2.36 The projected outturn for Policy in 2024/25 is a breakeven position at year end and is further detailed in Appendix 7.

2.37 Key pressures within the service include the following:

- Pressures on Council Tax Reduction Scheme.
- Corporate costs for surplus properties held by the Council for which there is no service budget.

2.38 Projected Favourable Variances within the service include the following:

- Use of reserves for Internal Borrowing and therefore associated reduced borrowing costs.

2.39 Council Tax – The current projection is that the Council Tax will breakeven at year end. Significant progress against arrears was made in 2023/24 and the provision for bad debts was reflected in 2023/24 which had a one off positive impact on income in year, it is hoped that this trend will continue in 2024/25 with collection of arrears up 0.4% on arrears collection from the previous year.

2.40 At the end of October the collection rate position was 1% up (67.6%) on the equivalent position at the end of October 2023.

Efficiency Targets

2.41 As part of the Final Revenue Budget Proposals for 2024/25, an efficiency target of £7.676m was set for the Council, which in a very challenging savings target and the highest that as ever been set for Corporate Services.

2.42 The current position in respect of the 2024/25 (74% achieved by 31st March 2025) and 2023/24 savings (70% of the combined 2023/24 and 2024/25 savings) is detailed in Table 2 below.

Table 2 – Efficiency Targets

Directorate	2023/24 Savings outstanding	2024/25 Savings Target	Projected Amount to be Achieved 2024/25	Projected Amount to be Achieved of 2023/24 Outstanding	% Achieved 24/25	% Achieved Total Outstanding
Learning and Skills	65	371	253	0	68%	58%
Social Services	0	1,755	1,156	0	66%	66%
Neighbourhood Services and Housing	92	1,898	1,150	0	61%	58%
Place	20	286	235	20	82%	77%
Corporate Resources	250	1,308	924	0	71%	59%
Policy	0	2,008	1,968	0	98%	98%
Corporate	0	50	0	0	0%	0%
Total	427	7,676	5,686	20	74%	70%

2.43 Attached at Appendix 8 is a statement detailing all savings targets for 2024/25 and the current progress against them.

Use of Reserves

2.44 Reserves are a way of setting aside funds from budgets in order to provide security against future levels of expenditure and to manage the burden across financial years. The Council has always taken a prudent approach with regard to Specific Reserves and uses them to mitigate known risks (financial and service) and contingent items, e.g. Insurance Fund. Other reserves have been established to fund Council priorities and in particular the Capital Programme. The Housing Revenue Account Reserve is ring-fenced to Housing and the majority will be used to fund improvements to the Council's housing stock.

2.45 Table 3 below sets out the use of reserves for a variety of purposes including planned usage to fund Capital Expenditure, planned revenue usage in accordance with the earmarked purpose of the reserve, unplanned usage to fund emerging overspends during 2024/25 and planned transfers to reserves to set aside fund for specific purposes.

2.46 The majority of the unplanned use of reserves will be met from Service Reserves however £486k has been shown against the General Fund it is not envisaged that this funding will be taken from the General Fund at year end and this sum would be the first priority for offsetting or mitigation in year should there be any emerging underspends or areas of mitigation identified in year. This will ensure that the Council Fund is maintained at the policy level for this financial year.

Table 3 - Reserves

As at	Estimated Balance 31/03/24	Capital	Budget Revenue	Revenue Mvmt on Reserves	Unplanned Use of Reserves	Reallocation of Reserve	Provisional Balance 31/03/25

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 The revenue budget has been set in order to support services in the delivery of the Council's Well-being objectives. It is therefore important for expenditure to be monitored to ensure that these objectives are being delivered.
- 3.2 The revenue budget has been set and is monitored to reflect the 5 ways of working.
- 3.3 Looking to the long term - The setting of the revenue budget requires planning for the future and takes a strategic approach to ensure services are sustainable and that future need and demand for services is understood.
- 3.4 Taking an integrated approach - The revenue budgets include services which work with partners to deliver services e.g. Health via ICF.
- 3.5 Involving the population in decisions – As part of the revenue budget setting process there has been engagement with residents, customers and partners.
- 3.6 Working in a collaborative way – The revenue budgets include services which operate on a collaborative basis e.g. Shared Regulatory Service, Vale Valleys and Cardiff Adoption Service.
- 3.7 Understanding the root cause of issues and preventing them – Monitoring the revenue budget is a proactive way of understanding the financial position of services in order to tackle issue at the source as soon as they arise.

4. Climate Change and Nature Implications

- 4.1 The Council has identified dedicated funding in the 2024/25 reserves projections to support the delivery of Project Zero. Additional funding is ringfenced in the Capital Programme to support schemes.
- 4.2 All savings and cost pressures will be reviewed for Climate Change and Nature Implications prior to implementation.

Q2 Monitoring Key Headlines

School budgets are currently predicting to outturn at an overall deficit of £9.894M by the end of 2024/25 financial year. However, trends over the last five years evidence that there is usually a large discrepancy between the projected budget outturn identified within school budgets, and the actual final outturn position. This discrepancy is caused by a number of factors including unforeseen grant income, and the over-commitment of expenditure against individual budget lines. It is therefore anticipated that the final overall deficit will be lower than the £9.8M currently identified in school budgets, however the directorate is not in a position to estimate the final outturn position at this point in the financial year.

School budgets currently show that 37 schools (70%) will outturn in a deficit position by the end of the financial year and that deficits will total £10.8M overall; whereas 16 schools (30%) will outturn with a surplus budget, with surplus budgets totalling £0.95M. The overall net deficit of £9.847M amounts to 7.8% of the schools budget share. The table below identifies projected school balances for the end of the 2024/25 financial year in accordance with current school budgets on a sector by sector basis. There is a sum available to offset energy pressures to be distributed in year totalling £300k, it is also expected that these deficits will be reduced by funding for Teachers pay costs which the Council is waiting for funding advice on from WG.

Sector	Schools projecting surplus	Total surplus estimate	Schools projecting deficit	Total deficit estimate	Net balance estimate	net projected balance as % of budget share
		£'000		£'000	£'000	
Primary Schools	14 (32%)	495	30 (68%)	-8,507	-8,012	-15.0%

Q2 Monitoring Key Headlines

The projected outturn for the Strategy, Community Learning and Resources budget for 2024/25 is a small surplus of £81k after drawing down from reserve as planned to fund the demountables at Ysgol Y Deri . Additional unplanned drawdowns of £64k from the Culture reserve to fund the Arts Saving that has not been identified this may be further mitigated by grant income in year and a further £104k associated with ACL income targets. In addition £9k for works associated with wifi at Penarth Library and £56k for pay pressures associated with the Welsh for Adults contract. Key pressures are listed below

Key Pressures	£000's
Delay in implementation of 2023/24 Arts Savings £65k not implemented	-65
£103k Shortfall of the Adult Community Learning cost recovery savings in 2024/25	-103
Welsh for Adults Contractual Shortfall	-56

Key Data Metrics - School Transport

The uplift given to operators for September 2024 is in the region of £345K

In total, there are approximately 241 routes running to transport mainstream and ALN pupils across the Vale. There are 121 additional pupils compared to 2023-24 being transported on mainstream transport with 2 additional routes required.

There are 50 additional ALN pupils compared to 2023-24 which has resulted in the need for 16 new routes and 4 parental payments being awarded, with many routes also requiring escorts.

The ALN School Transport team also continually deal with a number of requests to accommodate changes in transport requirements due to behavioural, medical needs etc., even though there is often capacity to juggle existing routes, there are additional charges incurred due to extra mileage, time etc.

Savings Tracker Update

The current position in relation to Learning and Skills savings target for 2023/24 and 2024/25 is as follows:-

Savings	Risk	£000's Target	£000's Value Achieved/ Projected

Total Additional Learning Needs	4,646	5,772	- 1,126	891	- 235	891

Q2 Monitoring Key Headlines

The projected outturn for the Additional Learning Needs budget for 2024/25 is an adverse variance of £891k. The adverse variance is attributable to:-

Placements for children and young people placed in independent provision or out of county and reduced income for Out of County placements in Ysgol Y Deri due to the need to utilise the additional capacity in the school for Vale of Glamorgan pupils.

Key Pressures

Out of County Expenditure is currently projected to overspend by £628k in year and this is due to increased need for placements for pupils and the increased costs of the placements required.

Pooled External Placements budget for which Learning and Skills contribution 10% of any overspend which in 2024/25 is projected to be £279k currently - this links to the pressure highlighted on the Social Services appendix.

Shortfall on Out of County Income primarily associated with Ysgol Y Deri this has been a historic pressure and is projected to be £263k in 2024/25.

Savings Tracker Update

The current position in relation to Additional Learning Needs savings target for 2023/24 and 2024/25 is as follows:-

Total Standards and Provision	2,806	2,667	139	-	139	-

Q2 Monitoring Key Headlines

The projected outturn for the Standards and Provision budget for 2024/25 is small surplus position at this stage of the financial year.

There are pressures in the services associated with the identification of savings but there are favourable variances in respect of the contribution to their consortium and a surplus against the Youth budget due to vacant posts within the service. There is also a small surplus against Engagement and EOTAS

Key Pressures

Pressures in respect of Youth Service grant and income savings

This is expected to be offset by favourable variances against the Council's contribution for regional School Improvement Services, Vacant posts in the Youth budget and a small surplus against Engagement and EOTAS.

Savings Tracker Update

Total Children and Young People Services	22,508	26,583	- 4,076	4,076	0	3,236

Q2 Monitoring Key Headlines

The projected outturn for the Children and Young People Services budget for 2024/25 is an adverse variance of £4,252k which is offset by a small surplus against the Youth Offending Service. The adverse variance is attributable to: External Placements projected overspend is £3.4m. Arrangements for bespoke accommodation and agency costs projected to be £690k - there is currently one case where costs are projected to continue into November. Net staffing overspend of £230k projected in the Intake Team due to Agency workers covering five practitioner manager posts at one time. Agency Social Workers were also employed in the Project Team which ended on 17th May at a cost of £71k. £148k of the Youth Offending Service's underspend is due to staffing vacancies.

Key Pressures

Payment for Domiciliary Care currently projected to be £221k overspent following an overspend in 23/24 of £182k. Only a small budget of £27k across the service.

Childcare/carer costs projected to cost £137k and follows an overspend of £182k in 23/24. There is no budget for this within the service.

External Placements projected overspend of £3.4m

National Minimum Fostering Allowance projected overspend of £273k. Underspends in other Third Party Payments in the Fostering Team result in a net overspend of £45k

Agency workers covering Social Worker and Practitioner Manager posts

The projected outturn for the Adult Services budget for 2024/25 is an adverse variance of £2,394k. The adverse
The Community Care budget is projecting an overspend of £3,559k. This includes all external residential care, home

Key Pressures

The Community Care Budget is the key pressure, with a current projected overspend of £3,559k. This reflects the

Key Service Metrics

Key Demographic Trends impacting the number of and complexity of care packages are outlined in the recent Market

Mean No. of Care Hours Q1 and Q2 2023 15,638.75

Mean No. of Care Hours Q1 and Q2 2024 16,064.25
 Increase in No. of Care Hours 425.50

Another factor is the reduction in the waiting list for people accessing care when compared with 2022/23 or 2023/24. In the first two quarters of 2023 there was still a small delay in people receiving care (the mean number at the end of each month being 24.2 people), for the first 2 quarters in 2024 this has reduced to a mean of 4 people.

Another area is linked to the efficiency of re-starting care packages quickly for citizens who are in hospital. As soon

Q2 Monitoring Key Headlines

The projected outturn for the Neighbourhood and Transport budget for 2024/25 is an adverse variance of £1.594m. The adverse variance is attributable to:-

A challenging savings target set for 2024/25 and unidentified savings from 2023/24 and prior to this relating to single use sports facilities.

A number of historic pressures that have not been offset by cost pressure awards such as highway maintenance costs and market forces payments for HGV drivers however as services cannot current be delivered without these additional pressures these additional costs continue to be incurred by the services.

Key Pressures

Savings for 2024/25 and previous years that have not been implemented that have been either carried as savings to be found or are subject to a Cabinet report to implement this will be offset by a contribution from the Budget

Pressures in respect of Highway Maintenance estimated to be in the region on £1m based on the outturn for 2023/24.
The Parks service are incurring additional costs in respect of savings proposals that have not been implemented particularly in respect of assets, additional costs in respect of resort cleaning have also been incurred by the service in 2024/25.

Pressures relating to Market Forces for HGV Drivers which are estimated to be in the region of £600k in 2024/25.

Q2 Monitoring Key Headlines
The projected outturn for the Regulatory budget for 2024/25 is a breakeven position.

Key Pressures

Whilst despite the invest to save initiative eing implemented for Pest Contol in 2024/25 it is not expected that additional income will be generated over and above set up costs in year one it is expected that this can be met by variances against budget allocations in 2024/25 but this will be kept under review.

Savings Tracker Update

The current position in relation to Regulatory savings target for 2023/24 and 2024/25 is as follows:-

Total Corporate Resources	16,827	17,151	324	- 324	-	1,294

Outturn Key Headlines

The projected outturn for the Corporate Resources budget for 2024/25 is an adverse variance of £324k. The adverse variance is attributable to:-

- Corporate Corporate ICT overspend of approximately £25k. This mainly relates to printing and Microsoft Licensing costs. Savings are expected in respect of the Council's telephony service during the year which will improve the final outturn position.
- Unrealised savings assigned to Facilities in relation to the Docks Offices and Security costs. Anticipated overspend is approximately £375k.
- Legal & Democratic Services overspend of approximately £91k. Mainly relates to the cost of consultancy payments, agency costs, Legal Services income target and the cost of the Coroner service. Additional Registrars income is offsetting some of the service overspend.
- Human Resources overspend of approximately £125k. This mainly relates to the cost of the Council's counselling service and occupational health.

The adverse variance of £616k is offset by favourable variances in Finance, Property and Policy & Business Transformation of £97k, £160k and £35k respectively.

The budget adjustment of £300k is in respect of a virement from Facilities in respect of ring-fenced energy costs.

The anticipated overspend of £324k will be funded by an unplanned drawdown of £216k from the Corporate Resources reserve and a drawdown of £108k from the Budget Risk reserve.

Key Pressures

Annual Microsoft Licensing Cost. Funding of increased annual cost (£62k) is dependent on achieving savings on corporate telephony. This is ongoing.

Ringfenced funding for Energy costs (£695k) has been set aside as part of the 2024/25 budget proposals. A virement of £300k to services is to be undertaken based on forecast energy costs for the year.

Delayed disposal of the Dock Offices approximately £295k.

Savings target for security services - £95k.

Legal Services income shortfall, agency staff costs and consultancy services approximately £155k.

Review of C1V office accommodation is ongoing and is part of a wider review of office space. C1V vacated the premises early April 2024. The office space is currently unoccupied. The Council is responsible for the associated costs of the premises i.e. Non Domestic Empty Property Rates.

Managed Print Service. Unlikely to achieve the full saving of £80k as target set to high.

Reduction of Facilities repairs/maintenance budget of £50k. Possible risk that could arise from an unforeseen increase in repair works.

Property Fees and Charges. Risk of failing to meet the increased income target of £50k.

Human Resources & OD Occupational Health and Counselling costs.

Savings Tracker Update

The current position in relation to Resources' savings target for 2023/24 and 2024/25 is as follows:-

Savings	Risk	£000's Target	£000's Value Achieved/
Review Docks Office Site – Ongoing and part of wider review of office space. Target saving for 2024/25 is £100k. This is in addition to the 2023/24 savings target of £200k. At present this is contributing towards the service overspend. Achieving the saving is dependent on the LUF bid.	Red	100	0
Court Road Depot - Achieved	Green	206	206
Financial Services (Civic Offices NDR Revaluation). Saving of £25k achieved following a revaluation of the Civic Offices.	Green	25	25
Financial Services - Review Security Arrangements. Negotiations to review security arrangements across Council sites are on-going. Savings target is £95k.	Amber	95	0
Town Hall Income. Increased income of £8k received from the lease and service charge associated with the Town Hall.	Green	8	8
Financial Service - Reduction in Repairs & Maintenance budget. Budget has been reduced by £50k. There is some risk if urgent need arises.	Green	50	50
Directorate Fees & Charges. Annual inflationary increases on fees and charges. Additional amount is £35k.	Green	35	35
HR & OD. Manual Handling has relocated from BSC2 to the Civic Offices. Savings on rental & other associated costs is £12k.	Green	12	12
Welsh Church Acts Recharge. Recharge Council officer time for professional services provided. This is yet to be implemented.	Green	10	0
Property Fees & Charges. Increased income from capital schemes of £50k. Under review and is dependent on the mix and volume of schemes in the capital programme.	Green	50	50
Recharge to HRA for Central Services. The additional recharge of £165k was agreed at budget setting.	Green	165	165
Legal & Democratic Services (Licence Work income). Increased income from the provision of professional services to other departments in processing licences. Hourly rates of Legal Services staff increased to achieve the additional income target of £5k.	Green	5	5
HR & OD - Shared Cost AVC – implemented from August 2023. Target saving for 2024/25 is £10k. This is in addition to the target saving of £25k for 2023/24. Achieving the full target of £35k is dependent on staff take up.	Green	10	10

Communications, Participation & Equalities Group. Media Monitoring System saving of £13k will not be realised this year. Saving has been deferred to 2025/26.	Red	13	0
Digital Service (Managed Print Service). Savings target of £80k appears to be set too high. Council will be entering into a new contract later this year. Tender process for the new contract commenced October 2024. Closing dated for the submission of tenders is during November 2024.	Red	80	0
Digital Service (Security Software). Saving of £15k has been achieved, removal of software is complete.	Green	15	15
Financial Services (Open Banking & Payments). Review of the systems used to process the Council's income, including banking and payment management. Payment strategy is underway but unlikely to realise savings target of £10k during 2024/25.	Amber	10	0
Legal & Democratic Services - Scanning Bureau. Reduction in costs of accessing the scanning bureau by Electoral Registration. Service now delivered in-house. Saving is £12k.	Green	12	12
Directorate budget reductions – savings from reducing supplies & services budgets across the Directorate, including postages, subscriptions and miscellaneous budgets. Reductions applied but there may be savings issues i.e. the cost of postage as historical debt recovery activity is increased.	Green	8	8
Legal & Democratic Services – Mayors Office budget reduction. Reduction in Mayoral expenses including the cost of the Mayor's official car. Saving of £44k has been achieved but the position will be monitored during the year.	Green	44	44
Directorate – Reduction in Headcount. Saving to be delivered by deleting vacant posts, headcount reduction and team restructuring. Some of the savings target has been achieved from the removal of vacant posts and the retirement and phased retirement of two members of staff. The full saving of £339k will not be achieved as a result of consultation processes and the delayed introduction of changes.	Amber	339	250
Total		1292	895

Outturn Key Headlines

The projected outturn for the Housing Benefit budget for 2024/25 is a breakeven position. The budget reflects net income to the Council which relates to Housing Benefit Subsidy Grant and grant funding received from DWP in respect of administration of the service.

Key Pressures

Migration of benefit claims to Universal Credit that will impact on the subsidy the Council receives on its overpayments.
The collection of overpaid Housing Benefit.
Reduced administration subsidy.

Savings Tracker Update

The current position in relation to Housing Benefits savings target for 2023/24 and 2024/25 is as follows:-

Savings	Risk	£000's Target	£000's Value Achieved/ Projected

Outturn Key Headlines

The projected outturn for the Place budget for 2024/25 is a breakeven position at year-end

Under the Private Housing budget, fee income has improved well since the introduction of the Discretionary Adaptations Grants. The success of the Discretionary Adaptations grants is, however, putting pressure on capacity within the team so monitoring will continue, to ensure that the Private Housing Team achieve a balanced budget. We are in final discussions with Social Services colleagues regarding the timeline of a Reshaping move to Social Services which could offer significant savings for adaptations.

The proposed Head of Service post for the Project Management Unit is to be partly-funded from reserves in 2024/25 but, as the post is unlikely to be filled before December, both the costs and subsequent drawdown from reserves have been reduced accordingly in the above table.

Key Pressures

Funding of the Disabled Facilities Team in Private Housing

Building Regulations fee income. A key issue is ensuring that all Council schemes use our in-house Building Control Team, particularly as they are generally better value than external building surveyors.

Savings Tracker Update

The current position in relation to Place's savings target for 2023/24 and 2024/25 is as follows:-

Subtotal Directorate Place						20	0	286	255	83%	
Resources	Review Docks Office Site	Tactical	Corporate Asset Strategy	200	2023/24 NO		0	4%	Amber Review ongoing	Full saving will not be achieved in year, however, some minimal savings from premises expenses have been achieved. This project is contingent on the LUF bid progressing, with final sign off expected imminently. Some preparatory works have commenced to identify via commission the future uses for the Docks Office so the project can progress once a decision on funding has been made.	

Resources	Review C1V Office Accommodation	Tactical	Corporate Asset Strategy	50	2023/24 NO		0	0%	Amber Review ongoing	The building was vacated during April 2024, with C1V relocated to the Civic Offices. A replacement occupier is currently being sought. NNDR savings achieved for three months and other minimal savings from premises expenses achieved. Work underway to deliver full saving.
Resources	Financial Services: Review Docks Office Site Reduced cost to the Council as a result of a new approach to operating the Docks Office rather than corporate office accommodation.	Transformational	Target Operating Model		2024/25	100	0	0%	Red	Full saving will not be achieved in year, however, some minimal savings from premises expenses have been achieved. This project is contingent on the LUF bid progressing, with final sign off expected imminently. Some preparatory works have commenced to identify via commission the future uses for the Docks Office so the project can progress once a decision on funding has been made.
Resources	Financial Services: Court Road Budget Deletion of the corporately held budget that previously supported the running of the Court Road site when operating as a depot. Costs of operating the new site are within the new school's budgets.	Tactical	Service Review		2024/25	206	206	100%	Green	Delivered. Site was demolished and funding for the school included in the Schools's budget.
Resources	Financial Services: Civic Offices NNDR Revaluation Saving resulting in a revaluation of the Civic Offices for the purpose of business rates.	Tactical	Service Review		2024/25	25	25	100%	Green	Delivered.
Resources	Financial Services: Corporate Office Accommodation Facilities Management Reduction in security and portage cover within corporate office buildings and removal of the courier service.	Tactical	Service Review		2024/25	95	0	0%	Amber	This saving relates to changes in the security and cleaning arrangements at the Civic Offices. Analysis of potential changes is underway, with a meeting in September scheduled to agree changes to service provision and estimate the saving that will be achieved in year, with the residual in 2025/26.
Resources	Financial Services: Town Hall Income Increase in income received from the lease and service charge associated with the Town Hall.	Tactical	Generating Income		2024/25	8	8	100%	Green	Recognising actual level of income received.
Resources	Financial Services: Reduction in Repairs & Maintenance Budget for Corporate Facilities Saving as a result of reducing repairs and	Tactical	Service Review		2024/25	50	50	100%	Amber	Budget reduced but some risk if urgent need arises.
Resources	HR & Organisational Development: Manual Handling Rental Saving as a result of relocating the Manual Handling team from BSC2 to the Civic Offices.	Tactical	Service Review		2024/25	12	12	100%	Green	Manual Handling team moved out of BSC2 during January/February 2024.
Resources	Directorate: Fees & Charges Inflationary and other increases on a range of directorate fees and charges, including Registrars.	Tactical	Generating Income		2024/25	35	35	100%	Green	Most of this saving will be achieved from the annual inflationary increases (included in the fees & charges report). The target figure also includes an additional increase of £10k for Registrars.
Resources	Directorate: Welsh Church Acts Recharge Recharging Council officer time from Directorate departments to the Welsh Church Acts Committee for professional services provided.	Tactical	Generating Income		2024/25	10	0	0%	Amber	Discussed with the Welsh Church Acts Committee and a report to the Committee will be presented in due course for consideration.
Resources	Financial Services: Property Fees & Charges Additional professional fees income to the property department for capital schemes.	Tactical	Service Review		2024/25	50	50	100%	Amber	Under review and dependent on the mix and volume of schemes in the programme
Resources	Directorate: Recharge to HRA for Central Services Recovering central services costs from the Housing Revenue Account.	Tactical	Generating Income		2024/25	165	165	100%	Green	Agreed at budget setting.

Resources	Financial Services: DWP Income Increased income from the DWP for benefit work processes.	Tactical	Service Review		2024/25	16	16	100%	Green	Recognising actual level of grant received, subsidy notification for 2024/25 has now been received.
Resources	Legal & Democratic Services: Licence Work Income Increased income to the Legal Services department as a result of professional services provided to other departments in processing licences.	Tactical	Service Review		2024/25	5	5	100%	Green	Hourly rates of Legal Services staff increased.
Resources	HR & Organisational Development: Shared Cost AVCs Reduced employer national insurance contributions associated with an increase in the number of employees taking advantage of shared cost additional voluntary contributions.	Tactical	Service Review		2024/25	10	10	100%	Amber	2023/24 level of take up achieved and future uptake is expected to meet target. Based on current take-up levels the total annual saving is a little over £30k. Overall annual target is £35k.
Resources	Communications, Participation & Equalities Group: Media Monitoring System Reduction in the costs associated with the use of media monitoring system which provides intelligence on the Council's coverage in the media.	Tactical	Service Review		2024/25	13	13	100%	Green	This saving will now be realised in 2025/26 due to the timing of the licence revocation. This is being mitigated in year via income and vacancy savings within the Group.
Resources	Digital Service: Managed Print Service Saving as a result of rationalising the existing printing devices in corporate office buildings and retendering the contract within the year.	Tactical	Contract Review/Procurement		2024/25	80	0	0%	Red	Analysis of the saving to be realised will be possible when contract tender prices are received in August 2024. Part of the saving is contingent on reducing our printing volume and this will require a cultural shift across the organisation.
Resources	Digital Service: Security Software Saving associated with discontinuing use of security software, with functionality replicated within existing systems.	Tactical	Digital Strategy		2024/25	15	15	100%	Green	Achieved, removal of software complete
Resources	Financial Services: Open Banking & Payments Review of the systems used to process the Council's income, including banking and payment management.	Tactical	Digital Strategy		2024/25	10	0	0%	Red	Payment Strategy under way, unlikely to realise savings in 2024/25. Resource issues are affecting progress.
Resources	Legal & Democratic Services: Scanning Bureau Reduction in costs of accessing the scanning bureau by Legal Services.	Tactical	Service Review		2024/25	12	12	100%	Green	Delivered, contractual arrangement. Now delivered in house.
Resources	Directorate: Budget Reductions Savings from reducing supplies & services budgets across the Directorate, including through postage, subscriptions and miscellaneous budgets.	Tactical	Service Review		2024/25	8	8	100%	Amber	Reductions applied and being monitored as some will be subject to increased volume this year in support of other initiatives (e.g. e. postages as the historical debt recovery is stepped up).
Resources	Legal & Democratic Services: Mayors Office Budget Reduction Reduction in miscellaneous expenses for the Mayor and removal of the Mayor's official car and budget, to be replaced with the use of an electric pool car for official business. The official car would be sold at auction and proceeds from the sale added to the Mayor's Fund for community grants.	Tactical	Service Review		2024/25	44	44	100%	Amber	Mayor's budget adjusted - removal of budget for the car and other supplies and services. A virement from Policy is required to achieve most of the saving. Saving has been achieved which includes £37k from Policy. Position will be monitored during 24/25.

Resources	Directorate: Reduction in Headcount This saving will be delivered by deleting a number of vacant posts, restructuring within teams resulting in changes to roles and reduction in headcount in areas across the Directorate including within HR & Organisational Development, Legal & Democratic Services, Financial Services, Communications Participation & Equalities Group and Digital Services.	Tactical	Service Review		2024/25	339	250	74%	Amber	Action underway to achieve this saving which is related to reducing staff across the directorate. Vacant positions deleted and saving realised. Redundancy and retirements are in progress/completed and monitoring of the realisation of savings is ongoing.	
Subtotal Directorate Corporate Resources						250	0	1,308	924	59%
