

Meeting of:	Healthy Living and Social Care Scrutiny Committee
Date of Meeting:	Tuesday, 04 March 2025
Relevant Scrutiny Committee:	All Scrutiny Committees and Cabinet
Report Title:	Annual Delivery Plan Monitoring Report: Quarter 3 Performance 2024/25.
Purpose of Report:	To present quarter 3 performance results for the period 1st April 2024 to 31st December 2024 in delivering our 2024/25 Annual Delivery Plan commitments as aligned to our Corporate Plan Well-being Objectives.
Report Owner:	Lance Carver, Director of Social Services
Responsible Officer:	Lance Carver, Director of Social Services
Elected Member and Officer Consultation:	The performance report applies to the whole authority. Quarterly performance reports covering the Corporate Plan Well-being Objectives will be considered by Directorate Management Teams, the Strategic Insight Board, Strategic Leadership Team, all Scrutiny Committees and Cabinet.
Policy Framework:	This is a matter for Executive decision by Cabinet.
Executive Summary:	<ul style="list-style-type: none"> The performance report presents our progress at quarter 3 (1st April 2024 to 31st December 2024) towards achieving our Annual Delivery Plan (2024/25) commitments as aligned to our Corporate Plan Well-being Objectives. Following a proof of concept using our existing Corporate Performance Framework of measures and actions to develop our use of Power BI to support performance reporting, we have produced a quarter 3 performance snapshot for the current Annual Delivery Plan (2024/25) which is detailed in the presentation appended to this report (Appendix A). The snapshot provides an overview of progress against planned actions and performance indicators aligned to our 4 Well-being Objectives and lists any exceptions (red actions attributed a Red RAG rating) in an accessible format. This has been produced as part of developing our approach and will be subject to further refinement informed by the views of officer colleagues and elected members throughout the 2024/25 performance reporting period, with a view to informing our monitoring and reporting arrangements for the new Corporate Plan 2025-30. We are currently working towards producing scrutiny committee remit specific performance snapshots which will be reported at quarter 3.

- The presentation appended at **Appendix A** provides a summary of overall progress against our Annual Delivery Plan commitments for 2024/25 as aligned to the 4 Corporate Plan Well-being Objectives.
- This report seeks elected members' consideration of Q3 performance results and the proposed remedial actions to address areas of identified underperformance. Upon consideration, the Scrutiny Committee is recommended to refer their views and any recommendations to Cabinet for their consideration.

Recommendations

1. That Members consider Q3 performance results and progress towards achieving the Annual Delivery Plan 2024/25 commitments as aligned to our Corporate Plan Well-being Objectives within the remit of the Committee.
2. That Members consider the remedial actions to be taken to address areas of underperformance and to tackle the key challenges identified within the remit of the Committee, with their views and recommendations referred thereafter to Cabinet for their consideration and approval.

Reasons for Recommendations

1. To ensure the Council clearly demonstrates the progress being made towards achieving its commitments in the Annual Delivery Plan 2024/25 aimed at making a positive difference to the lives of Vale of Glamorgan citizens.
2. To ensure the Council is effectively assessing its performance in line with the requirement to meet our performance requirements as outlined in the Local Government & Elections (Wales) Act 2021 and reflecting the requirement of the Well-being of Future Generations (Wales) Act 2015 that it maximises its contribution to achieving the well-being goals for Wales.

1. Background

- 1.1 The Council's Performance Management Framework is the mechanism through which our key priorities and targets are monitored and realised in order to secure continuous improvement and meet our performance requirements.
- 1.2 As part of the review of its Performance Management Framework, the Council has adopted a Corporate Plan (2020-25) which reflects the requirements of the Well-being of Future Generations (Wales) Act 2015 and identifies 4 Well-being Objectives for the Council. We have also refined our performance reporting and monitoring approach to enable us to meet our duties under the Local Government & Elections (Wales) Act which came into effect from 1st April 2021.
- 1.3 Our performance framework is aligned to our Corporate Plan to enable us to track our progress on well-being objectives (keep our performance under review) and demonstrate how the steps we intend to take will contribute to achieving multiple well-being objectives and in turn the national goals.
- 1.4 In line with these performance arrangements, Cabinet and Scrutiny Members will consider a high-level overview of performance in a presentation report format. The report is aligned to the remit of the Committee and reports progress against all four Well-being Objectives enabling members to look at the achievement of the Corporate Plan holistically. The report also highlights areas of improvement that may require greater scrutiny by members and enables Cabinet and Scrutiny

Committees to flex their work programme to reflect any emerging performance issues that may require more intensive consideration. This reflects the changes requested by elected members on performance monitoring and aligns with the 13 principles-Effective Scrutiny Action Plan. This approach will enable members to focus on upcoming priority areas and areas where further probing should be considered, alongside progress against the Annual Delivery Plan commitments.

- 1.5 Work will continue to further develop and enhance our performance monitoring and reporting arrangements in line with our duties as outlined in the WBFG (Wales) Act and the LG&E (Wales) Act with reference to the wider local government agenda. These discussions will continue to consider the best way to present information to elected members to facilitate effective scrutiny and identify and explore areas of interest.

2. Key Issues for Consideration

- 2.1 The presentation (**Appendix A**) outlines our performance for the period 1st April to 31st December 2024 against our Annual Delivery Plan commitments for 2024/25 as aligned to the remit of the Healthy Living & Social Care Scrutiny Committee.
- 2.2 As part of developing our use of Power BI to support performance reporting, this quarter we have produced scrutiny committee remit specific performance snapshots in addition to the Annual Delivery Plan snapshot produced in the previous quarter's performance reports. The reports will be subject to further refinement informed by the views of officer colleagues and elected members throughout the 2024/25 performance reporting period, with a view to informing our monitoring and reporting arrangements for the new Corporate Plan 2025-30.
- 2.3 The presentation structure provides members with:
 - An overall performance snapshot of all actions and measures against our Annual Delivery Plan commitments for 2024/25 as aligned to the Corporate Plan Well-being Objectives (Slides 2-3)
 - An overview of achievements by scrutiny committee remit aligned to the Corporate Plan Well-being Objectives as appropriate (slide 4-5)
 - A committee specific performance snapshot outlining overall progress against actions and measures including any exceptions. (slide 6-7)
 - Areas for improvement, emerging areas of development and activity and emerging areas of concern specific to each scrutiny committee's remit across the Corporate Plan Well-being Objectives. (Sides 8-11)
- 2.4 For reference, detailed performance commentary for all actions and measures are appended to this report at **Appendix B** and provides contextual information for members should they wish to examine this level of detail.

- 2.5** Elected Members are asked to consider the Q3 performance results and the proposed remedial actions to address areas of identified underperformance. Upon consideration, the Scrutiny Committee is recommended to refer their views and any recommendations to Cabinet for their consideration.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** Performance Management is an intrinsic part of corporate governance and integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Objectives and associated annual commitments in its Annual Delivery Plan 2024/25. Our Corporate Plan has been structured around the Well-being of Future Generations (Wales) Act 2015, through the development of four Well-being Objectives. By aligning our Well-being Outcomes in the Corporate Plan with the Well-being Goals of the Act, this will enable us to better evidence our contribution to the Goals.
- 3.2** Performance reporting is an important vehicle for showing our progress, not only in terms of impacts across the national well-being goals through achievement of our well-being objectives but also in terms of the changes and improvements made in our approach to integrated planning.
- 3.3** The five ways of working are a key consideration in our corporate Performance Management Framework ensuring that we continue to focus on working differently and in an inclusive way to challenge why, what and how we respond to our key performance challenges.

4. Climate Change and Nature implications

- 4.1** There are no direct climate change and nature related implications associated with this report. The Corporate Plan and Annual Delivery Plan incorporate our key commitments which aim to have a positive impact on climate change and nature overall. However, failure to deliver on these commitments could impact negatively on achievement of our Well-being Objectives and in turn our contribution to the national goals and on any external regulatory assessments of the Council.
- 4.2** The climate change and nature implications related to the Council's activities are outlined in Project Zero (our Climate Change/carbon reduction and nature programme) and identifies the mitigating actions we intend to take to minimise the adverse consequences of our activities. It also includes key measures and targets that are monitored and regularly reported to all stakeholders to enable us to demonstrate and track progress towards achieving our key climate change

and nature related commitments enroute to achieving net zero carbon status by 2030.

5. Resources and Legal Considerations

Financial

- 5.1** There are no additional budgetary implications arising from this report, although underperformance in some areas may have a negative impact on external assessments of the Council and could put certain funding opportunities at risk.

Employment

- 5.2** There are no direct workforce related implications associated with this report. However, there are a number of issues contained within the performance report that if not effectively managed have the potential to impact on our staff establishment and performance overall. This may in turn impact adversely on achievement of key outcomes associated with the Corporate Plan.

Legal (Including Equalities)

- 5.3** The Local Government & Elections (Wales) Act 2021 requires that the Council keep its performance under review and consult and report on its performance in order to secure continuous improvement and meet its performance requirements.
- 5.4** The Well-being of Future Generations (Wales) Act 2015 requires the Council to set and publish annual Well-being Objectives that maximise its contribution to achieving the Well-being goals for Wales and report its progress in meeting these.

WHAT HAVE WE ACHIEVED –COMMITTEE SPECIFIC OVERVIEW

Objective 1: Work with and for our communities:

- The Healthy Living Team have been presented with an award recognising outstanding efforts to include people with disabilities in activities.
- The procurement process for a replacement system for WCCIS has concluded and the contract has been awarded to Access Mosaic. Contract negotiations have concluded and the implementation has been initiated.
- Continued to promote our services by enhancing current information on our website and Dewis. Dewis Cymru website can now use hashtags to group information together and make searching easier. Alongside these improvements, Telecare webpages have also gone live, with self service and pre-payment options soft launched. Additionally, new forms for Children & Young People Services is now live with new forms for Safeguarding to shortly follow.
- Arrangements for moving staff out of the 2nd floor of the Docks Office and into Ty Jenner before 31st December are complete. Work is ongoing to establish space for Social Services. Corporate communications regarding the future of the Docks office has been issued.
- Worked in partnership with Foster Wales, to increase the number and diversity of foster carers in the Vale of Glamorgan with recruitment targets on track for year end. Emergency fostering accommodation is now live.
- Establishment of new Dementia Friendly Barry and Penarth, in line with our commitment to develop dementia friendly communities.
- The majority of children's services referrals had a decision within 24 hours over the last quarter. Regular monitoring via performance information meetings is enabling effective oversight and management of demand.
- Engaged with single use facilities and internal stakeholders on community asset transfers. Final works being completed in relation to Wick, Penarth Athletic Club and Old Penarthians. Consideration being given to recent application relating to Jenner Park.
- Progressing our commitment to ensure digitalisation of service delivery in our leisure service promotes and enables access bilingually.

WHAT HAVE WE ACHIEVED – COMMITTEE SPECIFIC OVERVIEW

Objective 3: Support People at home and in their community:

- Proactively promoted inclusive opportunities for leisure, play and sports development with a particular focus on tackling inequalities. During Q3, delivered a 'girls only' leisure centre youth take over with 48 girls aged 11-16 years participating. 2 Multi-sport events for Primary schools held, impacting on 265 children from 6 schools. Successful free inclusive indoor open access Play Ranger sessions and Families First holiday club delivered alongside a comprehensive half term holiday programme of activities. Multi-sport festival with Autism Resource Bases impacted on 21 young people, supporting them to become more confident in accessing opportunities outside of resource base and introducing them to new ones.
- The new Cardiff and Vale Good Food and Movement Implementation Plan 2024-2026 has been signed off by the PSB.
- 96% of NERS clients health improved on completion of the exercise programme exceeding our target of 90%.
- 94% of adult protection enquiries completed within 7 working days.
- Our new Integrated Contact Centre manager has made a number of improvements to the Well-being Matters process which has enhanced the experience for residents. Work has commenced on a multi-year strategy to further enhance alignment of services in this area.
- Developed a threshold document for CYPS to support safeguarding practice with partner agencies.
- 90% of adults who completed a period of reablement had no package of care and support after 6 months, improving their independence.
- Brought together new joint independent living team that has relocated to Ty Jenner ahead of the formal restructure in April 2025. The team will focus on supporting people to live well in their own homes.
- 99% of referrals to the Brokerage Team were successfully placed into domiciliary care within 14 days.

Objective 4: Respect, enhance and enjoy our environment:

- Continued to work with corporate property colleagues to identify energy efficiency opportunities for our buildings.
- Further funding for the use of electric vehicles/ bikes by care staff have been agreed until March 25 with sustainability options being explored with care agencies and council colleagues (for continued use of existing bikes).
- Various projects have either been completed or underway with the Decarbonisation and Energy Team to tackle Climate issues within our leisure and community centres including PV panels, bio-diversity initiatives, new efficient pumps and boilers.

CPM/179	Percentage of schools with Designated Safeguarding Governor compliant with training expectations.	Red	75.00	90.00	Safeguarding Governor training is delivered once per term. The target is set to be achieved annually.

AREAS FOR IMPROVEMENT: SERVICE PLAN ACTIVITY

Objective 3: Support people at home and in their community:

- Quarter 3 has seen us meet the target for the average number of days taken to deliver a Disability Adaptation in Private Sector housing using DFG. However, due to the increased numbers requesting disabled adaptation work with the introduction of the New DAG Grant, this has seen a waiting list grow to over 100 enquiries. It is possible the waiting list is going to increase which in turn will raise the average days taken to deliver a Disabled Facilities Grant. The new Disabled Adaptation Framework Contract has been advertised and submissions closed, with the New Framework procurement in the scoring stage. The longest waiting time for a Category 3 enquiry is now over one year.
- Improve staff completion rates for the Group A Safeguarding Awareness eLearning Module on iDev which currently stands at 78% against a target of 95%.

EMERGING AREAS OF DEVELOPMENT & ACTIVITY

Objective 1: Work with and for our communities:

- Implementing a quality assurance framework to support service performance evaluation and service improvement across social care services.
- 60% of current domiciliary care cases have been transferred to the Your Choice Scheme.
- Progressing proposals for the Bay reablement Unit.
- Promoting opportunities for joint working developed through the Section 16 Forum to enhance support services in the Vale of Glamorgan.
- Implementing planned improvements aligned to the Well-being Matters Service including Shared Care Records.
- Progressing work across social care services to deliver the required savings.
- Complete the review of the wider Vale of Glamorgan Integrated Falls service and take forward the learning.
- Continued focus on strengthening service user involvement and the 'lived experience' to inform how we plan, develop and deliver services.
- Explore the potential of the Vale Carer Hub to undertake and record Proportionate Assessments to ensure compliance with our WBA requirements.
- Further enhancing citizens access/entry points to services via digital means including exploring the use of artificial intelligence building on recent improvements in Dewis, Telecare and Padlet.

EMERGING AREAS OF DEVELOPMENT & ACTIVITY

Objective 3: Support people at home and in their community

- Working in partnership to continue to increase playscheme opportunities for disabled children. Current provision whilst successful, is not able to meet demand.
- Your Choice phasing paused during Q3 to consolidate learning, evaluate current progress and quality assure current providers with phasing of additional providers planned to start in April 2026.
- Delivering the Good Food and Movement Plan and associated commitments.
- Progressing work to explore the extension of the Council's Leisure Management Contract.
- Progressing work in partnership to maximise grant opportunities to increase supported living options available to residents. Development work ongoing using HCF funding this quarter on a 4-bed supported accommodation property.
- Continued focus on participation in the local authority reductions programme to proactively manage demand for placements within Children and Young People Services.
- Launching and promoting the work of the newly established Independent Living Team at Ty Jenner.

Objective 4: Respect, enhance and enjoy our environment:

- We have a large number of electric pool car vehicles that had to be returned to the dealership due to a battery error. This will impact the availability of cars.
- Take forward work on a Draft Transport policy as part of a wider Social Services Transport Policy (across adults and children) with a focus on exploring sustainable transport alternatives for service providers to reduce carbon footprint of our services.

EMERGING AREAS OF CONCERN

Objective 1: Work with and for our communities:

- Concerns remain around the future of Community Centres given ongoing financial pressures. There is a need to secure alternative management models for these facilities to ensure their sustainability.
- Significant budget pressures arising from growth in demand for services and rising costs continue to impact on our ability to deliver a balanced budget for social care services.
- Challenges associated with enabling our staff to take advantage of well-being offering remain. We continue to work with HR & OD partners on how best to manage this to ensure their health and well-being.
- Funding for the WLGA/ ADSSC business case for Connecting Care is still being awaited from Welsh Government

Objective 3: Support people at home and in their community:

- Provider failure is an ongoing concern. In the context of demand for care and support, market fragility remains an issue. Social care market's capacity and ability to respond to growing demand whilst they continue to be subjected to growing workforce and cost of living pressures remains an area that has improved slightly however, we are still monitoring closely.
- The Vale Alliance has been complicated by Welsh Governments' Primary Care guidance for Pan Cluster Planning Groups which will require this to be re-evaluated in this context. Ongoing engagement with Vale Community Resource service, revised service user guides and statement of purpose have been submitted to Care Inspectorate Wales.
- Potential reduction in funding support for the Move More Eat Well posts managed by HLT, could impact delivery of the NERS and 60+ programme and key ageing well objectives.
- The number and complexity of referrals into Children and Young People Services is still creating a high level of demand. Increasing complexities in the children YJESS work with, who are impacted significantly by trauma and adverse experiences. This has manifested in increasing safeguarding concerns and the contextual risk management of serious youth violence. Reduction in funding presents a significant and ongoing threat to the effective delivery of YJESS services. For example, the ending of the 'Turnaround' funding in 2025.

Service Plan Actions contributing to this Well-being Objective

Well-being Objective 1: To work with and for our communities.

CP Commitment: 1.1	Improve how we involve, engage and communicate with others about our work and decisions

ALN/A004 - Develop the participation of parents/carers and children and young people, so they are actively engaged to shape/inform policy, practice and strategic direction.	1/4/2024-31/3/2025	75	There are well established mechanisms for engagement in place with parents/ cares and children and young people to ensure feedback and evaluation can be captured and used to inform/shape service design/delivery. More recently feedback from service users has been used in a PowerBI Dashboard that has been developed by the CFW+ team. The dashboard shows a range of information from monthly, quarterly and yearly figures against allocation. The dashboard also indicates areas to focus, such as the difference in male and female participants, which has allowed the team to focus on increasing engagement with female participants. This focus has allowed us to work with organisations such as Adult Community Learning and	Green	Green	Corporate Performance & Resources Learning & Culture

Mentors are now actively promoting this to participants to showcase all the monthly activity. It is also an opportunity to share good news stories, partner spotlight and employer spotlight.</p> <p>We continue to explore options for easy ready and ALT text across social, but specific training is required to deliver these correctly, this will be explored in Q4. Although the engagement with our social media continues to be successful, with content interaction increasing this quarter by 33%.</p> <p>Consultations have begun with children and young people around the anti-bullying policy, this is set to continue into the new term. It's anticipated that the review of the Vo Model Anti-bullying policy with the involvement of Children and Young People will be completed by March 2025. Work on reviewing the Trans guidance toolkit involving Children and Young People and parents/carers is not due to be reviewed until Qtr. 4 period.</p> <p>Across the ALN & Complex Needs Team, participation of parents/carers and children and young people remain a core focus. IDP officers have met with pupils, parents and stakeholders of the appropriate area and age group and collate views to inform future service and transition development / arrangements. SCL/A009 - Review services and service delivery models to reflect changes in need in an evolving landscape to ensure sustainability both now and in the future.	1/4/2024-31/3/2025	75	<p>ACL & Employability - Funding for Term 1 for the Vale learning Centre has been drawn in the majority from Multiply funding, with a small section of courses being funded on the new Franchise model (per hour per learner). This has been successful, and we will be making a Multiply claim of around £52,000, which will make up for the loss in funding for 24/25. A meeting to discuss future funding with Cardiff and Vale College (CAVC) was positive, with some reassurance that the college will seek ways to fund the continuation of the Franchise programme. CAVC have also agreed to fund the VLC to continue delivering to Entitled Persons in St Athan and will also allow us to deliver ESOL in Llantwit Major to Ukrainians living on the new Eagleswell development.</p> <p>Vale Courses - The feasibility study in Old Hall has taken place with consultations with Old Hall users as to how the building can best be developed. New funding has been secured for a project with Marie Curie staff at the Penarth hospice and elsewhere in Wales. Bids are processed for Welsh in the Home projects at English and Welsh medium primary schools. The Get Back on Track programme has continued to collect centre registration fees. CS/A011 - Continue to work in partnership with Foster Wales, to increase the number and diversity of foster carers in the Vale of Glamorgan.	1/4/2024-31/3/2025	75	Fostering recruitment remains on track for year end. Emergency fostering accommodation now live.	Green		Healthy Living & Social Care
CS/A012 - Complete an annual external placement audit in relation to children and young people who need care and support to ensure service quality and value for money.	1/4/2024-31/3/2025	50	Annual task - date to be set for Q4.	Green		Healthy Living & Social Care
DS/A010 - Proactively understand the needs of the Council's digital requirements and develop a more robust 5 year forecast of costs, reflecting the changing nature in service provision.	1/4/2024-31/3/2025	75	We have a number of projects in preparation that ensure we have the foundations and infrastructure to reflect the needs of the organisation over the next 10 years.	Green		Corporate Performance & Resources
DS/A011 - Undertake horizon scanning to adopt technology effectively to reduce costs.	1/4/2024-31/3/2025	75	The technology department has significantly increased its forward looking approach and have identified a number of opportunities over the mid and longer term.	Green		Corporate Performance & Resources
DS/A012 - Support services across the Council to achieve financial savings via digital transformation.	1/4/2024-31/3/2025	80	A number of projects have been designed, delivered and implemented including translation, housing support and others to deliver efficiency savings.	Green		Corporate Performance & Resources

DS/A013 - Make use of the digital reserve to support the Council to deliver transformational change, mitigate risks and support key organisational priorities.	1/4/2024-31/3/2025	75	Digital Reserve spending has been measured and focused on supporting key capabilities within the council. We have taken a cautious approach to ensure that there is sufficient support for the Connected Care project if required.	Green		Corporate Performance & Resources
HS/A008 - Implement a Rapid Rehousing Homelessness service to reduce our use of bed and breakfast and temporary accommodation solutions.	1/4/2024-31/3/2025	75	There has been a significant reduction in the use of hotel accommodation during the last quarter. This has been achieved following the completion of a large number of temporary homes at Llantwit Major, as well as a number of new housing developments being available in Barry and St Athan. There are currently no families in bed and breakfast accommodation and a significant number of families have moved into longer term social housing. Further new council homes are scheduled to be completed over the next few months and will assist the rapid rehousing of homeless households. A more detailed progress report against the rapid rehousing plan is due to be considered by Homes and Safe Communities Scrutiny Committee in February.	Green		Homes and Safe Communities
HS/A009 - Undertake annual benchmarking of housing services to demonstrate efficiency and value for money in provision.	1/4/2024-31/3/2025	100	Housemark cost and efficiency summary has been received. This uses cost information and some performance data to highlight issues and themes, including comparative data with peer organisations. The partial submission of data means that it is was not possible to compare information in all areas.	Green		Homes & Safe Communities

DS/A009 - Work with partners to develop and promote the support available under the Armed Forces Covenant.	1/4/2024 – 31/3/2025	60	The Welsh Government is currently reviewing the role of Armed Forces Liaison Officers across Wales. Engagement of the Armed Forces Member Champions Network has enabled the council to make informed decisions over the past year. Our collaborations with the Veteran Advice Service/Armed Forces Liaison Officer, our two dedicated Armed Forces Champions and the Armed Forces Lead have provided essential changes and development to support our Armed Forces Community in the Vale of Glamorgan. Additionally, the council's proactive measures, including identifying Armed Forces members during service interactions, the council has implemented a practice where staff ask callers if they are members of the Armed Forces. This simple yet effective question allows us to immediately identify veterans, active service members, and their families, ensuring they are directed to the appropriate services and receive tailored support. This initiative has greatly enhanced our ability to provide responsive and relevant assistance to the Armed Forces community. Holding quarterly Armed Forces Covenant Forums with Stakeholders, charities and organisations, where we share information, good practice and ideas, to be proactive and supportive. The Council offers a mandatory e-learning toolkit and Armed forces Covenant training provided by the AFLO, it is designed to increase awareness and understanding of the Armed Forces community's unique needs. ADP17- Work with schools and other partners to ensure schools are effectively supported to maximise outcomes for all learners.						
ALN/A001 - Work collaboratively with key partners to ensure sufficiency and quality of provision for all learners.	01.04.2024 – 31.03.2025	75	We have continued to work collaboratively with ALNCo's, schools and HT's, independent schools and EOTAs providers to ensure early identification of need, high quality ALP. Close working relationships with SNAP has continued. Training has been delivered to internal partners (e.g. CLA, Inclusion) and external partners (e.g. Social Services). Feedback from questionnaires was used to update training. ALP monitoring guidance and data monitoring systems are under development. The ALN and Complex needs team are making use of their data to provide updates to the WIM board and use a dashboard to track/monitor their caseloads. The team is analysing data on numbers of pupils with ALP requirements to inform resource allocation. Destination data has now been adapted to reflect this. Across the Vale ALNCOs are being supported to use the Self Evaluation Tool across schools and IDPs are quality assured to ensure consistency and accuracy. During the quarter approximately 80 IDPs were quality assured. IDP Champions updated training session has been delivered (90% of IDP Champions attended). IDP Champions have completed an audit for their cluster and have planned/delivered training sessions. We have	Green	Green	Learning & Culture

			<p>continued to develop Out of County processes. Work continues on a rolling programme of quality assurance of OOC providers and independent school. To date 6 providers have been quality assured. The team have also been reviewing the development of ALP documents for different independent provision to inform ALP panel decision. Work on establishing a process for OOC/EOTAs decision making is in development and an EOTAs process map has been created.</p> <p>Post 16 ALN is developing. Regular meetings with Further Education Institutions (FEIs), Leads across Wales and schools/settings. This includes All Wales forums and specific (monthly) meetings with Leads from two neighbouring authorities.</p> <p>Guidance around EBSA pupils and SEHM pupils is being developed. Work will continue to update guidance and offer support to schools. Joint working with health continues. Communication with health professionals and input/ advice and attendance at PCP meeting from health. ALNCos submit queries to be discussed with Designated Education Clinical Lead (DECLO), continue to work with health to ensure effective and timely joint working. Attendance at joint readiness (Post 16) forums has been informative.</p> <p>Across the Educational Psychology Service (EPS) regular meetings have been established between CAMHS-In Reach, Engagement Service and EPS. A thematic approach has been taken to learning about each other's service areas and look for opportunities to work together. For example, work has been planned with EBSA and some work on supporting critical incidents. We agreed a mapping exercise was no longer needed as this would go out of date quickly and become unhelpful. Staff lists have been shared between the services.</p>

			<p>Emotional Based School Avoidance (EBSA) time is being used well in all secondary schools. EBSA is a standing item on the EPS team meeting agenda so that we are able to share practice and develop consistent systems in schools. EPS considering a good practice event in the summer / autumn term.</p> <p>Planning meetings with Cardiff and Vale College have been completed and Continuing Professional Development and consultation work has been started for the 24/25 academic year. EPS aims to look at other possibilities with colleges in the spring term.</p>			
ALN/A003 - Embed and expand WSA practice in schools to enhance the well-being of our learners and staff.	01.04.2024 – 31.03.2025	75	<p>The directorate continues to make strong progress in embedding and expanding the WSA approach in schools to enhance the well-being of learners and staff. Within the Partnerships & Prevention Team, play therapy provision continues to be embedded with regular review of waiting lists and there are well established mechanisms for review of delivery and monitoring of outcomes. Data is currently being collected from the Autumn term's work to inform discussions in January. Further work is needed on addressing waiting lists for provision.</p> <p>YYD continue to deliver professional learning to schools to support WSA practice such as the When Adults Change (Leadership and Parent Coach courses), Repeat DDP/PACE workshops to support educators and parents/carers on building relationships for children and young people that have experienced developmental trauma through applying a PACE approach (Playfulness, Acceptance, Curiosity and Empathy approach) and Trauma and Mental Health Informed Schools introduction and practitioner diploma training. All training has been commissioned</p>	Green		Learning & Culture

			<p>and bookings have been opened for schools.</p> <p>All Emotional Literacy Support Assistant (ELSA) milestones have been completed for the Autumn term. ELSA sessions to be delivered in the new term. Educational Psychology Service (EPS) to plan to speak again at an ALNCO forum about ELSA fidelity and supervision with the EPS. Cardiff and Vale College now runs the ELSA programme and have staff trained who are attending supervision.</p> <p>Use of SELFIE continues to progress, data collection points have been completed in this period. Inset days have been planned for this half-term.</p>			
<p>ALN/A008 - Enhance our professional learning offer to school based staff that meets identified needs and ensure that we can consistently measure the impact on improving teaching and learning.</p>	<p>01.04.2024 – 31.03.2025</p>	<p>75</p>	<p>During the quarter work has been undertaken in partnership with Cardiff Period Dignity Team to provide further training for Secondary Schools on puberty, periods and Period Dignity training for Professionals. This training is due to take place on 21st January 2025. The 8-week Mindfulness training course has taken place with 9 school staff attending. School staff have also been supported to undertake the Summer ELSA cohort and the Autumn cohort number totalling 19 so far with another cohort planned for the Spring term. Period Dignity community settings evaluation due for completion in Q4.</p> <p>The ALN & Complex Needs team continue to expand its professional learning offering staff. The team has updated and delivered IDP champion training, IDP Champions have completed an audit for their cluster and have planned/delivered training sessions. This has established effective cluster-based working and capacity building.</p> <p>Engagement service (ES) continues to offer a wide</p>	<p>Green</p>		<p>Learning & Culture</p>

			<p>range of professional learning to school-based staff. For example, Engagement with Reflective Supervision offer has increased and feedback has been very positive. Peer-led Reflective Practice groups have continued to be facilitated each term for all teachers across all YYD provisions. New groups are in place for ALNCOs in each geographic cluster. Individual and group sessions are arranged by ES advisors for staff working with complex and vulnerable pupils. All previous learning is supported and support extended through Engagement Service consultations, modelling and visits. Peer-led Reflective practice groups have continued to be facilitated each term for all teachers across all YYD provisions.</p> <p>Educational Psychology Service (EPS) has continued to develop its offer to schools. Consultation training was completed in the summer term to enhance the EPS consultation offer. Time allocation was also amended in the summer term to ensure range of activities offered to schools, including EBSA. Time allocation has been based on local needs; however staffing is a risk to this as needs in schools is increasing at a fast rate.</p> <p>Availability of EPS workshops for schools is now well embedded with a selection of ALN topics circulated to schools. EPs are planning for delivery, and most will be completed by the end of the academic year.</p>			
ALN/A018 - Respond to recommendations arising from Estyn inspections at LGES and school level (where responsibility lies with the Local Authority).	01.04.2024 – 31.03.2025	75	Learn Welsh have evaluated and adapted processes of self-evaluation and these are being implemented for tutors and learners in the new academic year Sept 2024-2025. The service is making use of results from the Learner Voice week survey, along with End of Course evaluations by tutors and learners to inform any areas for improvement which are discussed at Monthly managers' meetings. This will be rolled out in term 2 and will help us to self-evaluate and improve our courses and inform curriculum planning. Get Back on track Programme is continuing to move towards paperless documentation and has evaluated and amended courses documentation to be used by tutors and learners in the new academic Year. Vale Learning Centre use evaluation forms at the end of every term to aid self-evaluation.</p> <p>New model for Performance DMT meetings has been developed that will focus on sharpening our approach to self-evaluation for key issues pertinent to the directorate. A performance and challenge framework has been developed to support how we evaluate key issues/themes collectively as a DMT. This framework was piloted in the September Performance DMT meeting and is now fully operational. Key topics discussed using this framework to date have included school budget fragility, SEMH demand, resource bases. This framework has enabled DMT to take a more evaluatory approach to service delivery, led to identification of new actions and has facilitated discussions on identifying new opportunities to transform our service delivery models.</p> <p>Across ALN and Complex Needs service, there are well established self-evaluation mechanisms in place. The service has worked closely with school to embed a self-evaluation toolkit in order to enhance the quality and consistency of IDPs across schools. The service also has in place a quality assurance mechanism to check the quality of IDPs being developed.</p> <p>Educational Psychology Service (EPS) has considered the range of self-evaluation data from the last</p>

An initial visit by an environmental health officer resulted in a Remedial Action Notice in respect of food being stored in a broken fridge. However, during a follow up visit a string of other failings were identified. Despite extensive advice and support from the investigating officer the food business operator and its sole director showed a disregard for the safety of customers. The seriousness of the failings were reflected in a zero food hygiene rating. Subsequent visits both announced and unannounced revealed multiple food hygiene non-compliances continuing.
