The revenue position for 2023/24 continues to reflect challenging demand and inflationary pressures, with increasing demand in respect of Children's and Adults Social Care and significant increases in the cost of placements and care packages, Support for Additional Learning Needs continues to be an area of significant pressure within Learning and Skills. The Council is also experiencing continued inflationary pressures in respect of School Transport. Across services inflationary pressures are also being experienced in respect of pay, most notably where market forces are being utilised and for the funding gap between provision for the 2023/24 pay award and the flat rate pay award for 2023/24.

The Council has identified a number of steps to be taken in year to help mitigate this overspend and safeguard reserves, this includes tighter controls on expenditure and recruitment and a review of the Capital programme. The Corporate Resources Directorate has identified a potential underspend of £285k to be offset against emerging overspends and there is a projected underspend of £1m against Council tax income due to the projected collection of arrears, new properties, changes in allowances and premiums on empty homes.

Challenging savings and efficiency targets have been set for 2023/24 this includes a target of £2.75M for schools and £4.628M of Corporate savings. The progress against these savings targets is reflected in the Appendix and summarised in the table below.

| Directorate | Target | Projected | % Achieved | Mitigation | Mitigation Achieved % | Shortfall | Shortfall % |

Recommendations

- 1. That the position with regard the Authority's 2023/24 Revenue Budget be noted.
- 2. That Committee note the Budget Virements for 2023/24 presented in this report.

Reasons for Recommendations

- 1. To inform Committee of the projected revenue outturn for 2023/24.
- 2. To update the revised budget for a proposed virement for increased energy costs in Council Buildings and to correct the allocation of funding between Adult Services and Children and Young People Services.

1. Background

1.0 Council on 6th March, 2023 approved the revenue budget for 2023/24 (minute no 779) and earlier in the year Council on 11th January, 2023 approved the Housing Revenue Account budget for 2023/24 (minute number 607). There is an approved drawdown from the Council Fund of £496K during 2023/24 and £2.8M from other specific reserves.

2. Key Issues for Consideration

Emerging Corporate Pressures

2.1 The revenue position for 2023/24 continues to be challenging for the Council both operationally and financially due to the ongoing implications of the Cost of Living Crisis, support for Ukrainian refugees and other resettlement schemes, inflationary pressures. The Council has continued to see additional pressures as a result of these factors particularly across Education, Housing and Social Services.

Revenue Financial Position

2.2 The table below details the revised budget and reflects any requested virements. The use of reserves will be necessary to address emerging inflationary pressures and deliver projects across the service.

In recognition of the deterioration of the in-year revenue monitoring position based on the previous Quarter 2 full year projections and the need to identify in year savings, safeguard reserves for future volatility and maximise the accuracy of the projections a number of steps have been taken by the Senior Leadership Team and managers across the Council in recent months as set out below.

- Tighter controls around non essential expenditure and recruitment.
- Senior Leadership Team review of capital programme

- Senior Leadership Team review of **use of reserves**, with all requests for use routed via Section 151 Officer and Chief Executive
- Senior Leadership Team to determine savings to bring forward into 2023/24

The Council is fortunate to have sizable reserves that will help it manage some of this emergent in year volatility and implement initiatives to enable transformational change to adapt services and utilise opportunities around the use of digital solutions and alternative ways of working to continue to deliver the Annual Delivery Plan objectives and safeguard services for the vulnerable. The scale of pressures in the Social Care, Education and Housing sectors are significant and pose a challenge both in year and over the medium-term financial plan and this is explored further later in this report.

Budget Virements Requested

2.3 Table 1 reflects the proposed 2023/24 Revised Budget and this includes budget virements requested by Services.

Environment and Housing

- 2.4 The Environment and Housing budget revised budget is requested to be amended to £32.009M which reflects a further budget virement is requested of £200k for additional energy costs in Leisure Centres as required as part of the Parkwood Contract.
- 2.5 The Budget assumed £1M efficiencies some of which are on track to be achieved, some are delayed and some have been mitigated by projected additional income generated in year.
- 2.6 The projected outturn for Environment and Housing in 2023/24 is an adverse variance of £900k and this is further detailed in the Cabinet report. The budget position is detailed in the Appendix A.
- 2.7 Key pressures within the directorate, relevant to this Committee, include the following:
 - Accommodation to meet the need of homeless people and families currently resettled within the Vale.
 - Cost of providing support to assist Ukranian families moving into the Eagleswell school site.

2.8 Public Sector Housing (HRA) - The HRA is expected to outturn on target and any under/overspends in year will be offset by changes to the contributions to capital expenditure thus changing the drawdown from the Housing Revenue Account reserve. The Revised budget reflects the amended 2023/24 budget which is further detailed in the specific HRA report included on the Cabinet agenda for 16th November, 2023.

Place

- 2.9 The Place revised budget was set at £3.401M as part of the Q2 Monitoring.
- 2.10 The Budget assumed £265K efficiencies which are currently on track to be achieved in year with the exception of £20K against private housing which is delayed due to the delayed review of the provision of Disabled Facilities Grants. The budget position is detailed in the Appendix B.
- 2.11 The projected outturn for Place in 2023/24 is an adverse variance of £102k after planned use of reserves of £243K. This overspend will need to be offset by a contribution of £102K from Place reserves and further detailed in the Appendix B.
- 2.12 Key pressures within the directorate, relevant to this Committee, include the following:
 - Private Housing fee income.
- 2.13 Likely use of reserves includes the following:
 - Additional £102k from Place reserves to offset a projected overspend in the Private Housing budget.

Efficiency Targets

- 2.14 As part of the Final Revenue Budget Proposals for 2023/24, an efficiency target of £7.378M was set for the Council, this is a far higher level of savings than has been set for a number of years.
- 2.15 The current position in respect of the 2023/24 savings is detailed in Table 2 below.

Table 2 – Progress against 2023/24 Savings

| Total | 4,707 | 3,698 | 79% | 290 | 6% | 719 | 15% |

- 2.16 The shortfall in Place relates to Disabled Facility Grants issues around means testing, a lack of available contractors to carry out the capital works, as well as potential applicants delaying applications until the Council adopted the new Independent Living Policy and the service is proposing to offset the shortfall from reserves in 2023/24.
- 2.17 Attached at Appendix C is a statement detailing savings targets for 2023/24 and the current progress against them.

Use of Reserves

- 2.18 Reserves are a way of setting aside funds from budgets in order to provide security against future levels of expenditure and to manage the burden across financial years. The Council has always taken a prudent approach with regard to Specific Reserves and uses them to mitigate known risks (financial and service) and contingent items, e.g. Insurance Fund. Other reserves have been established to fund Council priorities and in particular the Capital Programme. The Housing Revenue Account Reserve is ring fenced to Housing and the majority will be used to fund improvements to the Council's housing stock.
- 2.19 Table 3 below sets out the use of reserves for a variety of purposes including planned usage to fund Capital Expenditure, planned revenue usage in accordance with the earmarked purpose of the reserve, unplanned usage to fund emerging overspends during 2023/24 and planned transfers to reserves to set aside fund for specific purposes.
- 2.20 The below analysis reflects the unplanned use of reserves outlined in this report, the Council will continue to seek to mitigate emerging overspends in year as outlined in this report to safeguard reserves to help mitigate the emerging challenging funding position for the Council outlined in the Medium Term Financial Plan.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 The revenue budget has been set in order to support services in the delivery of the Council's Well-being objectives. It is therefore important for expenditure to be monitored to ensure that these objectives are being delivered.
- 3.2 The revenue budget has been set and is monitored to reflect the 5 ways of working.
- 3.3 **Looking to the long term** The setting of the revenue budget requires planning for the future and takes a strategic approach to ensure services are sustainable and that future need and demand for services is understood.
- 3.4 **Taking an integrated approach** The revenue budgets include services which work with partners to deliver services e.g. Health via ICF.
- 3.5 **Involving the population in decisions** As part of the revenue budget setting process there has been engagement with residents, customers and partners.
- 3.6 **Working in a collaborative way** The revenue budgets include services which operate on a collaborative basis e.g. Shared Regulatory Service, Vale Valleys and Cardiff Adoption Service.
- 3.7 **Understanding the root cause of issues and preventing them** Monitoring the revenue budget is a proactive way of understanding the financial position of services in order to tackle issue at the source as soon as they arise.

4. Climate Change and Nature Implications

- 4.1 The Council has identified dedicated funding in the 2023/24 reserves to support the delivery of Project Zero. Additional funding is ringfenced in the Capital Programme to support schemes.
- 4.2 All savings and cost pressures will be reviewed for Climate Change and Nature Implications prior to implementation.

5. Resources and Legal Considerations

Directorate Monitoring: Environment & Housing

Regulatory Services

The Regulatory Services Budget for 2023/24 is set out in the table below.

| | Revised 2023/24 Budget | Budget Virement | _ | Projected Outturn | | Use of Reserves Revenue |
|---------------------|------------------------------|--------------------|--------|----------------------|--------|-------------------------------|
| | £'000s | £'000s | £'000s | £'000s | £'000s | £'000s |
| Regulatory Services | 1,668 | 0 | 1,668 | 1,668 | 0 | 0 |

The projected outturn for the Regulatory Services budget for 2023/24 is currently projected to be on budget however there may be additional pressures associated with the pay award and animal welfare investigations as outlined below.

Key Pressures for 2023/24 in the Regulatory Services budget.

- The SRS 2023-24 budget is based on an assumption that the annual pay award will be 5%. The award is a flat rate amount which has resulted in a budget shortfall for staff salaries but this impact has been mitigated to a certain extent in year by vacant posts.
- The Service is dealing with a number of animal welfare investigations (linked to illegal dog breeding) in which the seizure of dogs and puppies has been necessary. The animals are now being cared for, pending resolution in court, at significant cost to the Service (circa £12k per month)

Savings Tracker Update

• £21,000 reduction in Vale base contribution – this was achieved at the start of the financial year as part of the agreed SRS budget for 23-24. As a result, there are no ongoing savings to track through the year.

General Fund Housing

The Housing (General Fund) Budget for 2023/24 is set out in the table below.

| | Revised 2023/24 Budget | Budget Virement | | Projected Outturn | Variance | Use of Reserves Revenue |

The projected outturn for the General Fund Housing budget for 2023/24 is a breakeven position however there are significant homelessness and resettlement pressures that will need be kept under review as we progress through the financial year, but in the first incidence would require additional drawdown from the Homelessness reserve.

Key Pressures for 2023/24 in the Housing budget (General Fund)

- Hotel accommodation for homeless people (possible need to extend use of hotel beyond March 24)
- Temporary accommodation for people from Afghanistan at Copthorne. Hotel closing at end of August 23, need to identify accommodation solutions for remaining families
- Housing Solutions team staffing levels to provide assistance to homeless households and Afghan nationals.
- Ukraine support to assist 90 families moving into Eagleswell school site Mar 24
- ICT technical support to assist implementation of NEC Northgate system
- Deliver volunteering support to tenants. Value in Vale scheme Public Health Wales funding extended for one more year from April 24.

Savings Tracker Update

- Pre-Tenancy Adviser and VATs budget The 2023/24 budgets have been reduced by £26k and are on target
- Senior Officer Recharges to HRA to ensure no cross subsidisation The 2023/24 budgets have been reduced by £33k and are on target

 Community Safety Support Function Vacant post - The 2023/24 budget have been reduced by £25k and are on target

Planned Drawdown on Reserves in Year.

There are no planned drawdown from reserves in 2023/24.

Housing Revenue Account

Public Sector Housing (HRA) Budget for 2023/24 is set out in the table below.

| | Revised 2023/24 Budget £'000s | Budget Virement £'000s | 2023/24 Budget | Outturn | | Use of Reserves Revenue £'000s |
|--------------------------------|--|------------------------------|-------------------|---------|---|---|
| Public Sector Housing (HRA) | 15,538 | 0 | 15,538 | 15,538 | 0 | 0 |
| Total | 15,538 | 0 | 15,538 | 15,538 | 0 | 0 |

The HRA is expected to outturn on target and any under/overspends in year will be offset by changes to the contributions to capital expenditure thus changing the reliance on Unsupported Borrowing.

The projected outturn for the Place budget for 2023/24

• Private Housing (Disabled Facility Grants) are not expected to outturn on target and will need funding from the Place reserve to balance its budget.

Key Pressures for 2023/24 in the Place budget

• Private Housing—fee income on Disabled Facility Grants is still well behind profile and there is no likelihood that the picture will improve vastly in the last quarter of the financial year. We are forecasting that income could be £120k below target. This is due to issues around means testing, a lack of available contractors to carry out the capital works, as well as potential applicants delaying applications until the Council adopted the new Independent Living Policy. The service is projecting to be over budget by some £102,000 this year. This overspend will need to be offset by a contribution from the Place reserve. It is anticipated that the position will improve next year when new contractors are included in the framework agreement.

Savings Tracker Update

 Private Housing (DFG)— This saving is dependent upon the creation of a single Independent Living function within the Council which should create economies of scale, once established. This will be pursued now the Independent Living policy has been adopted by the Council.
